On Tue., 04-21-92 at 10^20 PM, Sgo. 46 (P.O. ALAN JOHNSON + P.O. ALEXIS WEST) was sent to a stabbing at TGI FRIDAYS, 8901 N. 76 ST. Upon arrival, there were 5-7 persons around the parked cars in the Eastern parking lot and Milwaukee Fire Department personnel on the scene. I was told by bystanders that there were two people stabbed and laying under a white van.

Upon approaching the vehicle, I heard a yell for help on the south side of the van and observed a M.F.D. employee attending to a W/M along with a civilian. I then observed the victim had numerous stab wounds to his left upper chest area. I placed chalk around his body and attempted to interview him.

The victim, later found to be JESSE ANDERSON W/M 05-03-57, was going in and out of consciousness and repeatedly said, "Oh my god", and, "I need help." He was unresponsive to my questions regarding the events that took place.

I then assisted other officers in securing the scene and searched the area for possible evidence with negative results.

On Tuesday, April 21, 1992, at 11:00 P.M., Squad-124/Early, Det's Michael YOUNG and Brian O'KEEFE, were sent to investigate the stabbing that had occurred at 8901 N. 76th St., in the rear parking lot of the TGI Friday's Restaurant.

Upon arrival, we were met by Squad-46, PO Alan JOHNSON, who stated at 10:20 P.M., he was dispatched to a stabbing, and he responded to the stabbing at 8901 N. 76th St. and he was the first officer on the scene.

It should be noted that Squad-94, PO's Richard TOMAZYK and Linda HILGER, were sent at 1018 to the sound of a woman screaming at an address of 7409 W. Marine Dr., which would be across the street from TGI Friday's Restaurant to the east. It was subsequently found that the woman screaming, was the woman screaming from the TGI Friday's parking lot.

PO JOHNSON stated that upon arrival, he observed the woman in this incident lying on the pavement, suffering from severe head trauma, bleeding profusely. He stated the woman had been lying under a van. He stated that the woman had been lying under a van. This woman was subsequently identified as ANDERSON, Barbara E., W/F, dob: 12-9-58, who was bleeding profusely. He stated he then observed lying between the van, that being, a white, Ford, F150, and a dark charcoal gray Volvo, 760, 4-door, was a white male. He stated that the white male was bleeding profusely from chest wounds. The man was subsequently identified as ANDERSON, Jesse M., W/M, dob: 5-3-57, of 2121 Lofty Lane, Saukville, WI., (377-6017).

Both victims were subsequently transferred to MCMC for treatment.

Upon arrival at the crime scene it was dry out but extremely overcast. As we pulled into the parking lot it began to rain lightly and the rain lasted for approximately 20-minutes, wetting the pavement, vehicles, and evidence. The rain then stopped. It should be noted that when we first arrived the pavement had been dry.

The scene itself consists of the parking lot located at the rear, that being, to the east of the TGI Friday's Restaurant, 8901 N. 76th St. At the rear part of the restaurant there are no windows from the restaurant proper looking onto the parking lot. The rear pocking lot appears to hold parking spaces for approximately 60-automobiles. The 2-vehicles in question were parked in the center aisle parking spaces with the van being

to the north of the Volvo, the Volvo being the victim's auto.

Squad-712, PO's David ARNDT and Rodney GUSTAFSON, also responded to the scene when they heard the stabbing call. Upon their arrival, PO David ARNDT observed a red plastic handled, 4" bladed pocketknife, laying on the pavement near where the male victim, Jesse ANDERSON, had laid. David ARNDT removed the knife from the parking lot and placed it inside his automobile. All items of evidentiary nature were collected by myself and Det. Brian O'KEEFE. I then placed these items on Inventory #1372240, #1372241, and #1372242. All items were subsequently secured in Squad-712, and were brought to the 4th floor assembly by PO David ARNDT. I received the items at approximately 4:00 A.M., with the exception of Item 7, on Inventory #1372242, that being, a paper bag containing a cigarette butt and Item 1, on Inventory #1372240, which were brought to the Police Administration Building by myself and kept in my custody at all times.

The knife recovered at the scene was found to have 2-blades, 1-being a straight blade, which was protruding from the handle. Another blade I could observe was retracted into the handle. This knife was then taken to the BofI, and I.D. Tech Jack KASPRZAK, attempted to raise Latent fingerprints from the retracted blade, however, he was unsuccessful in his attempt as the knife was blood soaked, and he was unable to recover any useable prints. Another item removed from the scene that was removed by myself, that being, the Volvo car key, Inventory #1372240, Item 1, which was found at the scene in the front passenger door of the victim's Volvo was also brought to the BofI in an attempt to raise Latent fingerprints, however, no Latent fingerprints were found on the key.

It should be noted that there was a light blood covering on the key.

Other pieces of evidence recovered at the scene consisted of women's shoes, the victim's purse, a black Los Angeles Clipper's baseball cap belonging to one of the suspects, along with several other items of evidence.

Squad-297, PO Phillip SHERMAN, arrived on the scene and took 17-photos of the scene. Squad-384, BofI Tech Judith IMMEL, responded to the scene and took blood samples from the area. The two automobiles in question, that being the 1989 Volvo, charcoal gray, 760, 4-door, bearing WI. #KP3056, listed to Babara and Jesse ANDERSON, of 2121 Lofty Lane, Saukville, WI., (377-6017), was towed to the Police Administration Building on City of

(238-1406). Ms. LANTTO is employed as the manager of the TGIF Restaurant located at 8901 N. 76th, (work 355-6602).

legarding this offense, Ms. LANTTO states that at approximately 10:15PM, on today's date, a white male, later identified as Daniel BRAUTIGAM, came into the restaurant and stated that there was a woman screaming for help and lying under a car in the parking lot. Ms. LANTTO stated that the white male further stated that he didn't know if she had been raped or what, but that it appeared there was some trouble in the lot. She states she then went outside with the white male and saw the man, later identified as Jessie ANDERSON, lying next to a white van. She stated she stood off a distance somewhat, and asked what happened, and the victim responded, "we've been stabbed". She stated she then asked the victim, Jessie ANDERSON, if the "stabber was gone", and he responded yes. She states she then approached the victim and got down on her hands and knees, and asked the victim, "what can I do?". She stated the victim responded, "we need a doctor, we've been stabbed and robbed". She stated that the victim then stated, "help my wife, she's hurt really bad". Ms. LANTTO stated she looked underneath the van and observed that there was a bloody woman, later identified as Barbara ANDERSON, under the van, but that this victim did not make any statements whatsoever the entire time she was there. Ms. LANTTO stated that other people had gone into the restaurant to call 9-1-1, and she continued talking to the victim. She stated that Jessie ANDERSON then stated, "I've been stabbed in the chest. My arms are numb, but I'm okay". She further stated that the victim then told her, "we were robbed and stabbed by 2 guys", and at this time, the victim gestured to a hat and a knife, stating that there's his hat and there's the knife.

Ms. LANTTO stated that a customer of the restaurant had approached and stated, "I'm an EMT". She stated this customer further stated his wife is a nurse, and that both of these customers then began to provide first aid for the victims. She stated that the only other statement she heard the victim, Jessie ANDERSON, make was, "my wife, my wife,

On Wednesday, 4-22-92 at 1:30AM, I received a message to contact a Tawrie Bekenbender, regarding the above incident.

At this time, I contacted Mrs. Bekenbender W/F 5-28-46 of 1722 HWY. D. Belgium Wis. phone # 1-285-3858. and she related that she had been eating at the T.G.I.F. restaurant, at the above location, and that when she finished she went out to her auto which was parked in the rear lot. at this time she observed all of the police standing around a victim, who had been lying on the ground. She placed her coat on the hood of her auto, and was going to give first aid to the victim, as she is a registered nurse. as the para-medics arrived, and she was no longer needed an officer asked her to move her red Ford station wagon, which had been parked directly behind the white van, that the victim was lying next to. She related she put her coat on, and left the scene. When she arrived at home she noticed blood on her coat, that was evidently transfered from the hood of her auto. Because it was dark she was unable to notice any blood on the hood, when she checked at home.

She further related that she never saw what happened before the police arrived, and that she didn't notice any suspicious persons, while eating.

On Wednesday, April 22, 1992, at approximately 4:00 A.M., a citizen who identified herself as Laurie J. BIEDENBENDER, telephoned the Police Department and was recontacted by Sgt. Gregory HENSON, District #4, Early/Shift.

Ms. BIEDENBENDER informed Sgt. HENSON that she was at the scene of this offense, and that she is a Registered Nurse, and had intended to perform first aid for the victims when the paramedics arrived. Ms. BIEDENBENDER related to Sgt. HENSON that at this time she had removed her coat and placed it on the hood of her car, which was parked immediately in front of a white van where the victim was located. She states that when she returned to her home she observed that there was blood on the sleeve of her coat, and she felt that this information may be important to the police to further their investigation.

Det. Timothy KOCEJA, contacted Laurie BIEDENBENDER by telephone and learned that she lived in Belgium, WI. Detectives made arrangements to meet with Ms. BIEDENBENDER at her residence to determine if there was valuable trace evidence on her vehicle.

At 5:35 A.M., Squad-124, Det's John ANDREWS and Timothy KOCEJA, as well as Squad-384R, I.D. Tech Charles ROTRAMEL, went to Laurie BIEDENBENDER's house, 1722 Hwy. D., Belgium, WI. At this location detectives observed Ms. BIEDENBENDER's car, which is a 1979, red, Subaru, station wagon, bearing WI. #JFU581.

Upon close scrutination of the vehicle, a small outline of a circle of what may have been blood was observed. It was determined that this small outline was of too small a quantity to be of any evidentiary value, and attempts to collect the small quantity would have resulted in destroying whatever substance was on the hood of the vehicle.

Further observation revealed a smudge mark on the lower portion of the driver's door, which appeared to have been freshly brushed due to the dirty condition of the vehicle. At this location, I. D. Tech ROTRAMEL attempted to obtain an identifiable print, but met with negative results. Also on the rifht front quarter panel, approximately 16" from the bumper area, it was observed what appeared to be a left hand print consisting of approximately 3-fingers, a palm, and thumb area. These 4-Latent lifts were conducted at the site by I.D. Tech ROTRAMEL, however, these lifts were determined to be of poor quality. These lifts were placed on MPD Latent case #92-001259, and are retained in the

While at the scene detectives re-interviewed Laurie J. BIEDENBENDER, along with her male companion, who was identified as James C. KRUEGER, W/M, dob: 7-27-44, also of 1722 Hwy D., Belgium, WI. Laurie BIEDENBENDER stated that she and KRUEGER had arrived at the TGI Friday's Restaurant, at approximately 9:30 P.M., on 4-21-92. Ms. BIEDENBENDER states that she parked in the rear lot at the restaurant, and that she parked her vehicle immediately behind a white van in the parking lot. She states that she and Mr. KRUEGER stayed in her vehicle for approximately 15-minutes and talked before they went into the restaurant. Ms. BIEDENBENDER said that she observed no one in the area at this time, and she did not observe anything unusual.

Sgt. Gregory HENSON, District #4, also filed a supplementary report regarding earlier statements by Ms. BIEDENBENDER in regard to her observations at the scene.

James KRUEGER was also interviewed and reports that he likewise did not see anyone or anything that he could recall at the scene prior to learning of the stabbing.

It should be noted that blood evidence that was on BIEDENBENDER's coat was washed off by her prior to detectives arrival at her residence.

On Wednesday, April 22, 1992, at approximately 6:30 A.M., we, Squad-115/Late, Det's Gregory HABECK and Daniel TESKE, were sent to assist in the investigation of this offense at the parking lot of TGI Fridays, located at 8901 N. 76th St.

There we conducted a crime scene search which included the parking area adjacent to this business, as well as the parking area of the Best Buy Electronic Store, to the south of this business also, as well as areas east across N. 76th St. During this search, I, Det. HABECK recovered a lady's earring, which was round and had the design of an American flag on it. This earring was bloodstained. It was located to the east of the TRI Friday's Restaurant in the parking lot within several feet of where the victim had apparently been laying. This item was conveyed to the Property Control Section and placed on Inventory #1372249.

Also in this parking area, to the south of where the victim's earring was recovered, a paper bag containing 5-empty, Miller Genuine Draft beer cans, and 1-full Genuine Draft beer can was located. This bag also contained wrappers from Big Red gum. This bag was located in a clump of evergreen bushes, which is located in the south central portion of this parking lot. These items were taken to the I.D. Division and checked for Latent fingerprints by I.D. Tech VITRANO, who assigned Latent case #92-01261. At this time a check for Latent prints was met with "negative" results. These items were subsequently recovered and conveyed to the Property Control Section and placed on Inventory #1372250.

Squad-297, PO HACKER, arrived at the scene at 8:30 A.M., and took 6-photographs of these items prior to their recovery.

On Wednesday, 4-22-92, we, Detectives Dennis MURPHY and David SLIWINSKI, proceeded to the Milwaukee County Medical Complex, where we interviewed the complainant, Jesse N. ANDERSON, W/M, 5-5-57 of 2121 Lofty Lane, Saukville, WI.

We questioned Mr. ANDERSON relative to what he could recall, now that he has been hospitalized and able to collect his thoughts.

Mr. ANDERSON related that he and his wife had gone to the show to see the City of Joy, at approximately 7:PM, at the show house right next to the Best Buy Store. He related that after going to the show, they got into his 1989 Volvo, four door, dark grey in color, and drove to the TGIF parking lot to get something to eat. He related the first row of the parking was full so he kind of parked behind a row of cars in the back parking lot. He related that upon parking his vehicle there, he saw a maroon VW Rabbit parked in the lot with two white people, possibly male and female (unsure) sitting in this vehicle. He and his wife then entered the restaurant and did not observe any other persons in the parking lot. When they sat in the restaurant, they sat in the front of the building, near the west side. He believes they were near some windows. He could not see his vehicle from where he was sitting. A white male waiter waited on them and there was a black male busboy. After getting some appetizers, he paid his bill with a $50 bill and then received change. He then exited the restaurant and upon doing so, did not observe anyone in front of the restaurant or in the parking lot, nor did anyone follow him out of the restaurant. He then proceeded to his vehicle and as he was opening the passenger side door for his wife, who had been walking behind him about four or five steps, he heard her scream. He related that at the time she screamed, he turned and observed a black male stabbing his wife. He stated that there was a van right next to him and the black male had his wife by the back of the van. He then went to his wife's aid at which time the suspect began to stab at him, striking him in the left chest area. He indicated that he saw his wife go down and she was attempting to crawl under the van. Another black male was trying to stop her at this point. Mr. ANDERSON related that after he was stabbed, he kind of staggered to his car and attempted to get in, due to the fact that he had a car phone and was going to call for help. He then fell against the car and crawled under the van to help his wife

and pull her further under the van. As he was doing this, he states that he observed two black males running away from the scene, toward the Best Buy Store.

Mr. ANDERSON related that he began screaming and called for help. His wife screamed at the original time of the attack, but by the time she was on the ground she was not screaming anymore.

Mr. ANDERSON described the suspect who stabbed both he and his wife, as a black male, about 20 years, 6-6'1, thin build, 170 pounds, medium complected with real short hair, which looked like the sides and back were shaved, but the hair was longer on the top and he had a thin mustache. He also wore a dark baseball cap, backwards, and it was cocked a little to the right side. He can only recall that this suspect wore a black jacket, thigh length like a parka but it did not have a hood, dark pants and black high top tennis shoes. He described suspect #2 as a black male, thin build, smaller than #1, wearing dark clothing.

Mr. ANDERSON related that after he called out for a while, an unknown citizen came to assist him. The ambulance and paramedics were then called.

We questioned Mr. ANDERSON regarding his relationship with his wife. He related that he and his wife had a very good relationship. He indicated that he met his wife in Chicago, due to the fact that he was born in Alton, Illinois and worked in Chicago. After meeting his wife and married her, they moved to Wisconsin about six years ago. They have three children. He indicated that his wife belongs to a ladies club and works for various charitable organizations and he is a treasurer of the Lions' Club and also ran for political office. He related that his wife takes aerobic classes on Saturday through a local church and spends a great amount of time with the children, because she believes in the family.

We then asked him about the letter which was found in his wife's purse. Upon looking at the letter, he related "this is my letter, I wrote this to Barb when I first met her."

Also, upon showing him the other letter which was found in his wife's purse, he looked at it and stated this was Barbara's printing and was in relationship to her brother, Jimmy, who had passed away in 1983.

Mr. ANDERSON again related that he has had no family problems with his wife and they are very happily married. He related that he is employed at the LakeSide Oil Company, 2817 W. Stark Street, that he is a salesman and sells oil. He related that his wife has the Olympia Petroleum Company of which she is president and it is a subsidiary of Lakeside Oil, due to the fact that he sells oil to Northwestern Railroad and they wanted to purchase from a minority so a company was started in his wife's name.

Regarding his carrying house keys, he related that he only carried one key, that being the car key. He related that he does not carry house keys but his wife does, in her purse.

We questioned him as to whether or not his wife was wearing earrings. He indicated that she was, that they were a fabric type earring with a design similar to the American flag design.

Regarding any further activities they had planned for this weekend, he related that he and his wife were going to fly to St. Louis on Saturday morning to visit his mother and return on Monday. He also related that he has several photos at his residence, which were recently taken of him and his wife. He related that if we need these photos, we could obtain them and use them, or any other photos, to further enhance our investigation in this case.

Mr. ANDERSON related that he feels he could identify the suspect who attacked him and his wife. Upon his being released from the hospital, he will contact our Department so he can appear to view photos. He related that if we had any photos, which we wished to have him identify, he would be more than willing to cooperate in our investigation.

On Wednesday, 4-22-92, Detective MURPHY and I (Det. SLIWINSKI) proceeded to the Elm Grove Police Department, located at 13600 Juneau Blvd., in Elm Grove, #786-4141. There, we interviewed Detective David MC ELHATTON who related that in their township they had three similar robberies, in where a black male would wait out in a parking lot and accost the victim with a knife to take their money. Detective MC ELHATTON made copies of their offense reports, which will be attached to this file.

Detective MC ELHATTON related that further investigation revealed that the Oak Creek Police Department also had a similar robbery, with the same MO. He had a copy of that offense, which will also be attached to this report.

In all cases, in Elm Grove, a black male using a knife accosted the victims while the victims were leaving a restaurant. All the victims in this offense were unable to identify the suspect, due to the fact that in two of the offenses, the suspect was wearing a bandanna (cowboy type) around his face and in the third offense, he wore a nylon stocking.

Det. MC ELHATTON could offer no further investigation regarding this offense.

We then proceeded to the victim's residence, at 2121 Lofty Lane, Saukville, WI., to obtain a recent photo of the couple. We then proceeded to the ID/Division and several copies of the latest photo, taken on 3-25-92, was made up by our ID/Division.

On Wednesday, 4-22-92, at the CIB, I received a phone call from Karen L. SWIFT, B/F, 5-17-46 of 1964 W. Finn Place, #449-2506.

Miss SWIFT related that her son, Ronald TAYLOR, B/M, 3-21-74, who lives with her, was home today with his girlfriend, whom she would not name. She related that Ronald's girlfriend told him that she has a friend who lives next door to her and this friend told her that she knows who is responsible for stabbing the couple in the Northridge area last night. When Ronald heard this, he told his mother and she told Ronald to take his girlfriend home. She told Ronald to obtain the address of this other friend, who lives next door to his girlfriend, and any further information he could obtain from his girlfriend. Ronald is then to return home at which time she would contact the police so her son could pass this information on to us.

She further related that Ronald's girlfriend had told him, in the past that there is a group of black males, about 30, who live in the vicinity of 95th and Brown Deer Road. This group of men had thrown stones at a car driven by a white female, who was with her daughter. Upon this white female, who was elderly, stopping the car and getting out to yell at these black males, they proceeded to attack her and beat her up. Miss SWIFT does not know when this occurred, but it possibly did occur about one or two months ago. She related that her son Ronald should have that information.

She will contact our Department when Ronald returns home, so he can pass on any additional information relative to this investigation.

This information was passed on to Dets. BALASH, WESOLOWSKI and SCHULER of the Early shift.

Further investigation pending.

NARRATIVE

On Wed., 4/22/92, information was received that the City of Elm Grove had 3 armed robbery reports in which a B/M held up restaurant patrons with a knife in the restaurant parking lots.

A ring taken in one of these robberies was pawned at "Doc's," N. 54th St. and W. Lisbon Ave., City of Milwaukee, on 10/18/91, by a person who identified herself as Lillie GIPSON. The ring in question was subsequently recovered by the M.P.D. and turned over to the Elm Grove Police Department.

On Wed., 4/22/92, at 12:30PM, Det. Procopio SANDOVAL and I, Det. Kenneth DOBESH, interviewed Lillie Mae GIPSON, B/F, 3-29-52, of 2929 W. Wisconsin Ave., #109 (342-1316). The interview was conducted at the Marion Catholic Home, 3333 W. Highland Ave., where Ms. GIPSON is an employee.

We questioned Ms. GIPSON regarding a ring she had pawned at "Doc's Pawn Shop," 5431 W. Lisbon Ave., on 10/18/91.

Ms. GIPSON informed us that she did in fact, pawn a ring at "Doc's." She stated that she had obtained this ring from her girlfriend, Carolyn MILES. She went on to state that she thought her girlfriend got the ring from "some chick" and this upset her. She confronted Carolyn about the ring and Carolyn told her that she had bought the ring and it meant nothing to her. Carolyn then gave her the ring and she in turn, sold it at "Doc's" and purchased a different ring there, which she gave to Carolyn.

Ms. GIPSON recalled that to the best of her knowledge, this transaction did take place in Oct., 1991, but she could not recall when she obtained the ring from Carolyn MILES.

She further stated that she has Carolyn MILES since 1970, and they have lived together for the past 1½ years.

Ms. GIPSON also advised us that she was never contacted by any police agency or anyone else, in regards to this ring.

She was unable to provide us with any further information at this time.

On Wed., 4/22/92, at 1PM, Det. SANDOVAL and I interviewed Carolyn MILES, B/F, 5-25-49, of 2929 W. Wisconsin Ave., #109 (342-1316). Ms. MILES manages the apartment building at 2929 W. Wisconsin Ave., and is also a self-employed junk collector. She resides with her girlfriend, Lillie GIPSON. She states that she has known Lillie since 1970 and has lived with her about 18 months.

Regarding the ring which Lillie had pawned at "Doc's," Ms. MILES informed us that

she had purchased the ring from an unknown B/M about 2-3 weeks before Lillie pawned it. The transaction took place on N. 29th St. and W. Wisconsin Ave., and she paid the B/M $20 for the ring. She further states that she knew the ring was worth much more and assumed it was stolen, but she bought it anyway.

Ms. MILES also stated that the seller of this ring loiters in the area of 29th and Wisconsin. She indicated that she has seen this subject in company of an individual known to her by the name of Durel L. TAYLOR. TAYLOR "hangs around" her apartment building, she states.

Ms. MILES described the seller of the ring as a B/M, early 30's, 5'7", 135-140 lbs., with nappy hair. She believes she can identify this individual if she were to see him again. Ms. MILES stated that she would attempt to locate Durel TAYLOR and if successful, she will contact our department.

On Wednesday, 4-22-92, while conducting the investigation at Froedtert Memorial Hospital, we interviewed a friend of the family, Patricia M. DALTON, W/F, 5-7-57, of 759 Nantucket Court, Grafton, #375-4574. She is unemployed, a housewife and her husband is Anthony DALTON.

Mrs. DALTON related that when she heard of the stabbing of both Barbara and Jesse and that they were in the hospital, they immediately came to the hospital, along with numerous friends, to offer their assistance and moral support to Jesse, due to the fact that Barbara was comatose and in fact, possibly dying. She was questioned regarding the relationship of Jesse and Barbara.

Mrs. DALTON related that she has known them for about five years and they are happily married. She related that Barbara is a very family oriented woman and they do everything together. She related that they just returned from Jamaica, where they had gone about two or three weeks ago to celebrate their anniversary. Mrs. DALTON related that they have a group of friends who are very close to the ANDERSONS and they always do things together, namely Mary BIERTZER and her friend Larry RESKE, Scott and Ann FORRER, Lisa and Tom VOGT, Debbie and Scott BICKER, Cindy and Reed GRAF, Lori and Mike KILLIAN and Laura and Bill HARRIGAN. She related that there are other friends, but basically these are friends who are very close to her. She indicated that there is also another couple, the SCHRAMKA'S who are taking care of the children, now, while both are in the hospital. Patricia related that both the ANDERSONS enjoy taking in movies and going out to eat and they do this quite often, therefore it is not unusual that they would go to the show and then to TGIF to eat, because Barbara likes to eat there.

Mrs. DALTON could offer no further information at this time. She related that if we need any further information, she would be glad to cooperate, as will the other friends.

On Wed., 4-22-92, while at Froedtert Hospital, we interviewed on Dr. Stuart RICE. Dr. RICE is the Neurologist at Froedtert Hospital. He went on to state that he examined the victim, Barbara ANDERSON, and at this time, stated that in his opinion, if the life sustaining efforts were removed from her, she would expire. He stated that one of the wounds had penetrated the right side of her head and into the brain. He went on to state that if she did ever survive this ordeal, she would be in a vegetated state for the rest of her life.

Dr. RICE went on to state that he then proceeded to MCMC where he interviewed the husband of Barbara ANDERSON, one Jesse ANDERSON. He, at this time, told Mr. Jesse ANDERSON about his wife's condition and at this time, he stated that Mr. ANDERSON became very adamant about "pulling the plug" on her life sustaining system. He stated that he does not want her in a vegetated state and he wanted the life sustaining system turned off right now. He became very adamant about this and Dr. RICE thought this was kind of strange.

He stated that he then proceeded back to the family who was at Froedtert Hospital and told them about the situation, about Barbara ANDERSON, and suggested to them that they should wait a day or so to see what could occur regarding Barbara's condition. They, at this time, went along with Dr. RICE'S suggestion.

He, at this time, knowing the conflict between the husband's wishes and the family's wishes, contacted the hospital's attornies. He went on to state that he thought Mr. ANDERSON'S attitude was kind of strange. He could give us no further information regarding this offense.

NARRATIVE:

On Wednesday, April 22, 1992, I, Detective Michael WESOLOWSKI, Squad 126 Early, received follow-up investigation from Lieutenant Raymond SUCIK. The follow-up being to contact a friend of the ANDERSON family that being Michael SCHRAMKA who may have information regarding this incident. At approximately 4:50 P.M., I contacted Michael SCHRAMKA-M/W, dob-1/30/55 of W64N707 Washington St., Cedarburg, WI, phone #377-5688. He is also the owner of a funeral home at that location with the phone #377-1780. SCHRAMKA states that he has known the two victims of this offense, Jesse and Barbara ANDERSON, since they moved in the Saukville area several years ago. SCHRAMKA stated that he was notified of the incident by MCMC personnel after Jesse ANDERSON gave them his phone number. SCHRAMKA stated that he then went over to the ANDERSON residence and cared for their three children. SCHRAMKA stated that something peculiar happened at his funeral home during the morning hours of Wednesday, April 22, 1992. He stated that sometime between 9:00 and 9:30 A.M. two young black males entered the funeral home. He stated that it's not common for black males to be at his funeral home. He stated the individuals asked about funeral arrangements for a Betsy RODRIGUEZ. SCHRAMKA stated that these people were dealing with his secretary, Jean WINTER. He stated that they were only in the funeral home for about five minutes. SCHRAMKA further stated that there was no funeral at his funeral home for Betsy RODRIGUEZ and to his knowledge no other funeral home in the area was handling the death of a Betsy RODRIGUEZ. He described these two subjects as #1-M/B, 6' tall, slim to medium build, 160 to 170 lbs., short hair wearing a light color thigh length winter coat, dark green pants, and black shoes. He described the second person as a black male, 5'5-6", 160 lbs., medium build, with a mustache, and a slight beard, also wearing a dark black team jacket. SCHRAMKA stated that he has no idea if this is connected to the stabbing of the ANDERSONS but he thought it was highly unusual that this would occur the next morning. SCHRAMKA stated he had no way of knowing how they would connect him or his funeral home to the ANDERSONS. SCHRAMKA states that to his knowledge the ANDERSONS were not having any family troubles and that they appeared to be a happy couple.

At approximately 5:30 P.M., I contacted Jean WINTER-F/W, dob-5/26/21 of N41W5828 Hamilton Road, Cedarburg, WI, phone #377-9471. WINTER stated that she has been employed at the Schramka Funeral Home for the past four years and in that four year period she has

never seen a black person inside the funeral home. She stated that it was sometime after 9:00 when two black males entered the funeral home and asked her about a funeral for a Betsy RODRIGUEZ. WINTER told them that there was no such funeral taking place at the funeral home. She stated that the two black males then left. She describes one of the black males as being in his early 20s, 5'11" to 6' tall, slim build, wearing a black waist length jacket with some kind of writing on the back. She stated the writing on the back had a X and a couple of Os on it. She stated that the other male was also in his early 20s and also about 6' tall. WINTER stated that she has never seen these persons before and has no idea if this has anything to do with the ANDERSONS being stabbed.

I also received follow-up to contact Stephanie and Greg GUNNESS, phone #334-1189. At approximately 5:15 P.M., I contacted Stephanie GUNNESS-F/W, dob-7/14/66 at her residence, 440 S. River Road, Apt. #5, West Bend, WI. She stated that she was with her husband at approximately 9:15 or 9:20 P.M. on Tuesday, April 21, 1992. She stated that they were at the Superamerica Gas Station by Northridge. She stated at that time her husband was pumping gas. She stated that she observed a black male standing next to the side of the Superamerica Gas Station and doing some kind of hand signals. She stated that when questioned if these could be gang signs she stated that they could have been but that she was not knowledgeable of gang signs. She stated that this black male was acting strange but that there was nobody around him. She stated that she did not observe any type of blood on him but that due to his strange behavior of making these hand signals to apparently nobody this was what brought her attention to him. She describes this person as a black male, in his late 20s to early 30s, 5'11"-6' tall, slim build, 180 lbs., wearing brown pants. She stated that she was approximately 15 feet away from him when she observed him. She stated that this person eventually was standing in line behind her husband Greg in the Superamerica Station.

I then interviewed Greg GUNNESS-M/W, dob-8/23/65 who stated that he was inside the Superamerica paying for his gasoline when a black male was standing behind him and that he believed this person purchased some doughnuts. He describes this person as a black male, 30 yoa, 5'10", slim build, 170 lbs., with a short afro, and brown pants. He also stated that he did not observe any type of blood on this person. It should be noted that this would have been approximately one hour before the stabbing of the ANDERSONS. It is not known if this person was involved at this time.

Report per Detective Michael WESOLOWSKI.

On Wednesday, 4-22-92, at 6:30PM, I received a telephone call from a person who identified himself as Jerry THOMPSON, who lives in Oconomowoc, WI., #569-9528.

Mr. THOMPSON related that at about 10:PM, he left Badger Meter, which is approximately one mile east of the scene. His son was driving the auto. He had his car parked in Friday's rear parking lot. While pulling into the parking lot they drove past the front door of the restaurant and then down the second row of parked cars, passing a white van. He went on to state that he noticed a group of people around the van and heard one of them state, "We have one down here." He then moved to the SE portion of the parking lot where his car was parked, a gold Sable. He got into the car and then proceeded out of the parking lot.

While driving into the parking lot, he did not observe any suspicious male loitering in or about the parking lot, nor did he see anyone running from the crime scene.

Mr. THOMPSON could offer no further information regarding this offense.

She said that the Black male was wearing a black baseball cap with a logo on the front. A second Black male approached and offered $20.00 for this baseball cap. The cap was sold. She said that the cap is similar to the one left at the crime scene at TGI Friday's. BRYANT stated she presently is in custody for child abuse and that she has three girls, 18 months, 4 years and 5 years. BRYANT stated on Wednesday, 4/22/92, between 11:30 AM and 12:30 PM, she was in the female bullpen. While inside of this bullpen, she overheard two black females talking. The first black female, she did not know her name, but described her as wearing purple pants, a hot pink turtleneck sweater and purple jacket with light stripes and having black braids. BRYANT stated she also heard the following from, she thought, this unknown black female: "Fuck those white people. They deserve that shit. They're always taking our black people off the street." BRYANT also heard this unknown black female state, "He stabbed her in the eye. She was stabbed four times." BRYANT stated she also heard this unknown black female state, "That was some stupid shit. They didn't take the purse or wallet." BRYANT stated she then heard Lori state, "Don't be saying that shit. That's his business." BRYANT stated she was unable to hear anymore and the conversation between this unknown black female and Lori then ceased.

BRYANT stated the conversation then ended and she heard no more. BRYANT stated she knows she's in trouble herself and is not trying to use this information in any way to beneft herself or her case.

NARRATIVE:

On Wednesday, April 22, 1992, we, Detectives Michael WESOLOWSKI and Gregory SCHULER, Squad 126 Early, conducted further investigation regarding this incident. It was brought to our attention by Police Officer Kaye HANNA that a person that she was questioning, Shannon BRYANT, was in the female bullpen at the City Jail when she was involved in a conversation that concerned the stabbing of the ANDERSONS. Through the course of our investigation, we identified one of the persons being in the bullpen involved in the conversation as April L. BROADIE-F/B, dob-5/27/66 of 271 E. Keefe.

At 8:25 P.M., BROADIE was interviewed by myself, Detective Michael WESOLOWSKI, regarding the conversation that took place in the bullpen. She stated that during the evening hours of Tuesday, April 21, 1992 at approximately 10:00 P.M. she was conveyed by a police squad to MCMC to be treated for previously broken ribs and to receive medication. She stated that she remained in the hospital and returned back to jail at approximately 2:00 or 2:30 A.M. on April 22, 1992. She stated that while out at MCMC sometime around 11:00 or 11:30 P.M. she overheard a conversation between a white female police officer and other police officers regarding a white male and a white female being stabbed at Northridge. She stated that the white female police officer said something that it sounded like a gang initiation night because the victim still had a purse and wallet. She also heard the police officers talked about the female being stabbed in the eye. BROADIE further stated that a short time later she had a conversation with a nurse with the first name starting with a K. She asked the nurse about what was going on with the stabbing victim and asked if the woman was going to die. The nurse informed her that she might die and this happened at a Northridge restaurant and that the man also got stabbed above the nipple. BROADIE further stated that she then heard a paramedic talking about not being able to look at the female stab victim because of her bad injuries. BROADIE stated that she did not view the two victims of the stabbing while she was at MCMC. BROADIE stated that after she was returned back to the bullpen she got into a conversation with a Laurie WILLIAMS and informed Laurie about what she heard about the stabbing victims while out at the hospital. She stated that she repeated everything that she remember about the stabbings. She stated that she was dozing off and on between the hours of 2:00 to 6:00 A.M. She stated that she did not hear any type of discussion about anyone saying that their brother had committed these stabbings. It should be noted that BROADIE is in custody at this time for an Attempt Homicide and at no time during the course of this conversation did we discuss that case.

On Wednesday, April 22, 1992, we, Det's Michael WESOLOWSKI and Gregory SCHULER, conducted follow-up investigation regarding this complaint. We received information from PO Kay HANNA, that a prisoner of hers, Shannon BRYANT, had indicated to her that she had overheard a conversation the female "bullpen" in the City Jail regarding this incident.

BRYANT was interviewed and during the course of that interview she indicated that a black female wearing a purple outfit had stated that her brother may have been responsible for the stabbing that occurred by Northridge. A photo was obtained from the Milwaukee County Sheriff's Department, at which time it was viewed by BRYANT, at which time she stated this is the person she heard talking in the "bullpen". HENDERSON was subsequently released before all of this information came to light, and was released at approximately 10:30 or 11:00 A.M., on 4-22-92.

At approximately 11:40 P.M., on 4-22-92, Denise HENDERSON, came to the Police Administration Building and I, Det. Michael WESOLOWSKI, interviewed her regarding what may have been said in the female "bullpen". HENDERSON stated that there was a large group of females in the "bullpen" when she first arrived there, that being, approximately 2:00 A.M., on 4-21-92. She stated that while she was in the "bullpen" she knew several of the women in there, including one by name, that being a "Helen RILEY", who has a husband by the name of "Terry". She stated that this is the only person she talked to while she was in the "bullpen". She stated that during the course of the evening a black female, "April BROADIE", had returned from the hospital. She stated she has never met this person before. She stated that this person stated that she was being treated for broken ribs at the hospital, and that she was wearing a green sweater and her hair was slicked back. This person started talking about overhearing about a double stabbing that occurred at Northridge. She stated that she did not have conversation with this lady, that this was strictly what she overheard. She stated that the woman was talking about hearing this information from a police officer at MCMC. She also stated that this person talked about it being some kind of a gang initiation. She stated that she also heard that nothing was taken during the robbery, including a purse or a wallet.

When questioned as to if she said anything about her brother being involved in

the homicide of the 2-people at Northridge, she stated that she never made such a statement and this statement is ridiculous. HENDERSON stated that her brother's name is Alfonso CHAMBERS, B/M, dob: 7-30-72. HENDERSON stated that CHAMBERS lives in what she believes Markun, Illinois, which is a suburb of Chicago, where he is going to high school. She stated that he has been around the last few weeks for Easter vacation. HENDERSON stated she has no knowledge of her brother's involvement in this crime, and certainly would not say anything about it in front of a large group of people if he did.

It should be noted that Alfonso CHAMBERS has a record with our department with a BofI #255521.

At this time there is nothing to connect Alfonso CHAMBERS to this offense.

BRYANT also related one additional item. She heard that this unknown black female was in custody for driving without a license. BRYANT stated she would be able to identify both this unknown black female and the other individual by the name of Lori.

A check of the records at the City Jail revealed that an unknown person who fits the physical description and the clothing description given by BRYANT has been identified as a Denise HENDERSON. HENDERSON was arrested for a traffic charge -- driving without a license -- and no photograph was available from our Identification Division. The Sheriff's Department did have a photo, their # being 66570, and we did obtain a copy of that photo and that was showed to Shannon BRYANT. The photo is approximately seven years old; however, BRYANT stated she is positive that that is the unknown girl. A second photograph was shown her, that being of a Lori J. WILLIAMS, F/B, dob-4-1-64, who was in custody for a weapons charge and, after viewing the photograph of WILLIAMS, she stated this is, in fact, the second person she heard talking with the first girl.

An interview of Lori WILLIAMS will be conducted. Attempts to locate a Denise HENDERSON, who had been released earlier today from the City Jail, will be made, and attempts will be made to pick her up.

Lori WILLIAMS, F/B, dob-4-1-64, in custody in City Jail for Recklessly Endangering Safety and felon in possession of a handgun, was then brought down to the Interview Room of the CIB, 4th Floor. This information stated earlier was then presented to WILLIAMS and WILLIAMS was more than cooperative. She stated the girl that was talking was an April BRODY and that BRODY had been out at County Hospital, and had obtained all the information out at County Hospital while she (BRODY) was being treated. She stated that this information was obtained through talking to hospital personnel and overhearing paramedics and police officers talking. WILLIAMS stated that BRODY returned to the bullpen at about 2:30 to 3:30 in the morning, and that was when this conversation took place. WILLIAMS also stated that Denise HENDERSON was also there and was involved in a conversation; however, this conversation was regarding somebody's brother who had been involved in a shooting and that this unknown brother shot a Cory DARBY from a year or two ago. WILLIAMS stated that she did, in fact, hear the conversation regarding the stabbing and she, again, stated that this was told by April BRODY. She stated the only part she did not hear was an initial part about the "dumb ass brother." She stated possibly it

NARRATIVE:

On Wednesday, April 22, 1992 at approximately 10:20 P.M., I, Detective Gregory SCHULER, received a phone call from a black male who identified himself as Tommie MYLES-M/B, dob-7/5/73 of 4967 W. Medford, phone #873-6259, employed at Galst Foods, 1622 W. North Ave. Mr. MYLES indicated that he had watched Channel 6 News and had viewed the scene of the Attempt Homicide of the couple at the TGIF Lot and felt that his hat was the baseball hat that was shown on the television set. I then informed Tommie MYLES that I would like to talk to him in person and he stated that he would come down to the Police Administration Building right away to talk to us.

At approximately 11:00 P.M., Tommie MYLES did arrive down at the Police Administration Building. Also along with Tommie MYLES was his girlfriend, that being Wanda Faye JACKSON-F/B, dob-4/1/73 of 6135 W. Spencer Place, phone #461-8298. She is unemployed. Tommie MYLES stated that Wanda JACKSON was a witness and had information regarding this also so at that time I took MYLES into the back room along with Detective Michael WESOLOWSKI. Tommie MYLES then stated again that on today's date at 10:00 P.M. he was watching the Channel 6 News when he observed a L.A. Clippers baseball hat, black with blue and red letters and this hat appeared to be his hat. He stated that the hat is approximately one year old, that it is crumpled, that it is dirty inside, especially along the inner brim, and that on the inside left brim area should be oil stains from car oil. MYLES stated that shortly after he got the hat he dropped it on the ground in some oil. MYLES then related the following information. MYLES states that on Tuesday, April 21, 1992 at approximately 11:45 A.M. he and his girlfriend, Wanda JACKSON, were at the Northridge Shopping Center. He states that they were seated in the center court area and that his girlfriend Wanda JACKSON was filling out some job applications. He stated as they were sitting there a white male approached them and started to converse with them. This white male stated that he was looking for a job in the Mall and one of the tasks to prove that you can buy something someone in the Mall, a total stranger. At that time, this white male asked MYLES if he would be willing to sell his baseball cap (L.A. Clippers). At that time, MYLES replied "Sure". This white male then asked "What's it worth" and MYLES stated it was worth three to four dollars. At this time, the white male stated "I will give you twenty dollars for it" and MYLES stated "Sure, you can have it". MYLES states that his girlfriend then asked this white male if the store gave him money

to do this and he replied "Yes". MYLES states that this white male gave him the twenty dollars and then the white male then left. MYLES states that he then took this twenty dollars and spent it on food at the cafe area.

MYLES went on to relate that this white male is an individual described as being early 40s, 5'9", 140 lbs., balding in front with a brown mustache. He states he was wearing a cloth beige jacket and glasses. He states these glasses did not appear to have any tint to them and he presumed that they were prescription glasses. He states he was unable to determine if they were metal or plastic frames; however, he stated that the glass itself was an oblong with a top bar going across the front. MYLES stated that he would be able to identify this individual again if he saw him.

I then spoke with Wanda JACKSON. It should be noted that MYLES was interviewed in a separate room from Wanda JACKSON and the interview of Wanda JACKSON was also done in a separate room without MYLES being present. JACKSON states that on Wednesday, April 21, 1992 at about noon time she and her boyfriend, Tommie MYLES, were at the Northridge Shopping Mall in the center court. Wanda states that she was filling out job applications. She states that a white male approached them and started to talk to Tommie stating that he was trying to get a job and that one of the things he had to do was prove that he could buy something from some unknown person in the Mall. JACKSON states that this white male then asked if Tommie would be willing to sell his baseball cap. JACKSON stated that Tommie replied sure that he would and this white male asked "What's it worth?" Tommie MYLES replied "$3.00 to $4.00" and this white male then stated that he would give Tommie $20.00 for it. JACKSON states that she then asked him "Did a store give you money to do this" and he replied "Yes". She then asked him what store and this white male pointed down the Mall. She states that the white male gave Tommie the $20.00 and left with the cap. JACKSON went on to relate this white male was approximately in his early 40s, 140 lbs., 5'9-10". She states he was balding in front with a brown mustache, wearing a cloth beige jacket. She states that he was wearing some type of glasses.

A photo array was put together consisting of six photographs. Five of these photographs were obtained by Detective Lieutenant Scott SCHAEFER and these consisted of posed photos of individuals. These five photos along with a sixth photo, that being of Barbara ANDERSON and Jesse ANDERSON, were put together in a photo album. All of these individuals in these photos were of a male and female standing posed together and appeared to be of

similar physical characteristics. These photos were then shown first at 12:50 A.M. to Tommie MYLES. MYLES viewed all six photographs and identified the photograph of Jesse ANDERSON which was in the left lower position in the photo array as being the person that he sold his hat to. MYLES stated that this individual looked like the same person that the mustache was identical and the physical features were similar. MYLES did state, however, that he could not be 100% sure.

At 1:00 A.M., the same photo array was shown to Wanda JACKSON and Wanda JACKSON viewed the photo array, however, stated that she was unable to identify anyone in this photo array as being the person that she met and as the person who bought the hat from Tommie MYLES.

It should be noted this photo array was subsequently placed on Inventory #1372297 and prior to it being sealed, I marked TM by the photograph which Tommie MYLES identified as being the individual who bought the hat from him.

At 1:15 A.M., Tommie MYLES agreed to have 15 pluckings of his hair removed by himself and this was done, in fact, by himself. These were placed in a sanitary envelope and this was subsequently placed on Inventory #1372298. This should matched up with any possible hairs obtained from the inside of the hat.

It should be noted that Tommie MYLES viewed the black L.A. Clippers hat which had been on Inventory #1372242, item #4. This was obtained from the Property Bureau and was opened by myself in the presence of Detective WESOLOWSKI. Tommie MYLES stated positively that this, in fact, was his hat and pointed to an area on the left inner seal of a darken area which he stated is the car oil stain which he had referred to earlier in this report. Upon viewing this hat myself closely, there is a darken oil like stain on the inside of the hat on the left side. It should also be noted that the hat was, in fact, worn look, crumpled, and that the inner brim was extremely dirty as MYLES had stated it would be.

Wanda JACKSON then viewed the hat again separate from Tommie MYLES and she stated that this hat appeared to be the same hat that belong to her boyfriend, Tommie MYLES. Wanda JACKSON was unable to offer any additional information regarding the hat except as again stated that it appeared to be the same hat of her boyfriend, Tommie MYLES. This hat was then photographed by Police Officer Jack KASPRZAK at 2:55 A.M. and a total of five 35mm photographs were taken. Polaroid shots of this cap were also taken. At 3:00 A.M., te L.A. Clippers hat was repackaged by myself, Detective SCHRADER, and resealed.

A consent form was signed by Tommie MYLES regarding the pluckings that were taken by himself from his head.

Tommie MYLES also indicated that this all started when he was watching the 10:00 P.M. newscast on today's date (4/22/92) and stated that on the newscast he observed what he believed to be the shooting scene, that being a parking lot, and that he also observed a paramedic type van and several police officers. Tommie MYLES indicated that he has not seen any photographs prior to this photo array in either the media form or print form of either victims and/or suspects.

Wanda JACKSON also related that she was watching the 10:00 P.M. news on Channel 6 with Tommie MYLES and observed what she believed to be the stabbing scene of the white couple and that she observed a paramedic and police officers and subsequent parking area and a shot of the baseball cap. She did state that she did not see any photos either in print or on the media of either suspects or victims.

Tommie MYLES did indicate that he also did see a L.A. Clippers baseball cap on the TV news on Channel 6 and that is what started his involvement in our investigation. Tommie MYLES indicated when he does wear all of the caps there are two prong that are left unsnapped on the back of the cap. He showed me his present black cap and that was the case. I viewed the Clippers hat before resealing it and it too was in a position having two unclipped prongs.

It should be noted that Tommie MYLES-M/B, dob-7/5/73 and Wanda JACKSON-F/B, dob-4/1/73 are not wanted by our department on any outstanding warrants and a record check of both MYLES and JACKSON revealed no arrests. Investigation pending.

She stated that on Tuesday, 4-21-92, at approximately 10:00 P.M., she, along with her boyfriend, "Mark", drove to the area of a bar known as the "Green Iguana", located at approximately 8895 N. 76th St., directly to the south of TGI Fridays. She states at that location they were to meet her brother, and at this time she pulled into the lot and there was approximately 4-5 cars at that location. She states that between 10:00 P.M., and 10:10 P.M., while waiting for ther brother they noticed no persons walking around or anything unusual. At approximately 10:10 P.M., upon starting to pull out of the lot, they observed a suspicious car driving very slowly with his lights out across the access road in the main parking area, the Prange's lot. She states at this time upon pulling out of the access road to proceed to N. 76th St., this car then pulled out behind them and turned on its lights. She states that upon stopping for the red light at N. 76th St. and proceeding southbound on 76th St., this car, which she describes as a newer 4-door automobile, possible dark colored in some type of maroon coloring, pulled passed their vehicle in a southerly direction, at which time she noticed a white male driver, 2-black male passengers, and what appeared to be a 4th hispanic passenger. She stated that both their car and this suspicious car continued southbound on 76th St., and as they got to 76th & Bradley, her boyfriend pulled into the bar parking lot at "Buzdum's" and the suspicious car continued southbound on N. 76th St. from Bradley. At this time Shawn states that she would not be able to identify anyone who was in the car, but she, upon seeing the news broadcast regarding the "attempt homicide" at TGI Friday's Restaurant, thought that possibly this information could be used by the police. She further stated that she will contact her brother who apparently arrived at that same parking lot at approximately 10:15 P.M., to ascertain if he has any information on anything he might have seen that was suspicious while he was there.

On Thursday, April 23, 1992, Squad-124, Det's Percy MOORE and Timothy KOCEJA, were assigned follow-up in the investigation of this offense. These detectives proceeded to 7409 W. Marine Dr., to locate and contact a "9-1-1" caller who notified the Police Department regarding a "woman screaming" at the time of this offense.

At 7409 W. Marine Dr., detectives located and identified Peter B. STOREY, W/M, dob: 12-4-57, of 7409 W. Marine Dr., (354-1825). Mr. STOREY is employed at Computer People Unlimited, 735 N. Jackson, (225-4000).

Mr. STOREY states that on Tuesday, 4-21-92, at approximately 10:00 P.M., he went to his bedroom and laid upon his bed. Mr. STOREY states at approximately 10:23 P.M., he heard a woman's scream that lasted for a duration of 20-seconds, and Mr. STOREY went on to say that he heard the woman's voice repeatedly call "Help, help, help". Mr. STOREY said that from the tone of the voice he knew that the female calling for help was truly in need of help, and he got up from his bed to look outside his bedroom window. Mr. STOREY said at this time he picked up his telephone and called "9-1-1" to report that a woman was calling for help at this location. Mr. STOREY said that he looked out his bedroom window in the immediate vicinity thinking that he heard this voice from the parking lot at his apartment complex. Mr. STOREY said after a duration of approximately 3-4 minutes, he again heard the same female voice yelling, "Help, help". Mr. STOREY said that in his mind he was thinking that when he heard the first cry for help, the female was being "raped". Mr. STOREY said that when he heard the 2nd cry for help, he thought that the tone of the voice changed and he felt that the person that had been attacking the female had left the scene. Mr. STOREY said that while he was looking out his bedroom window he saw a white Dodge Caravan type van pull into the parking lot of his apartment complex, and that he saw a black female enter an apartment building east of 9001 N. 75th St. Mr. STOREY said he does recognize this woman as a resident of the complex, and believed that because she was outside at this time she may have heard or seen something that would further this investigation.

At this time detectives checked for the van along with Mr. STOREY, but found it not to be at the scene. Mr. STOREY also said at the time he heard the scream he saw

1-person, whom he said was possibly a male wearing white sweatpants, walk eastbound across the apartment complex and come to a stop at the intersection of 75th & Marine. Mr. STOREY said that this person then talked to another person who was standing at that location, and that both of these people were standing near a gray Pinto and an older gray Skylark, which had plastic taped over the driver's window. Mr. STOREY said that the cars are familiar to him, but he did not recognize either one of these persons. Mr. STOREY also said that he saw a Ford Fairmont, with a dark vinyl roof over an unknown color, pull into the parking lot at 9001 N. 75th St., during this time. Mr. STOREY said after he heard the 2nd call for help, he dressed himself and went outside to look around for the female who was screaming. Mr. STOREY said it was only approximatley 1 1/2 minutes after the second cry for help that a squad came to his residence. He states at this time that officer was informed over the police radio that there was a stabbing victim at the TGI Friday's Restaurant. This officer then left Mr. STOREY's residence and went to that location.

Also present during the interview of Mr. STOREY was his wife, Monica E. SPENCER, W/F, dob: 10-8-56. Ms. SPENCER states that she was asleep at 10:23 P.M., but when her husband woke up she did also. She did report hearing the 2nd cry for help. Ms. SPENCER could not offer any further information that would further this investigation.

It should be noted that Mr. STOREY's bedroom window is on the 3rd level of a tri-level apartment, and that it faces in a direct line, the crime scene of this offense. Further, that it has an unobstructed view of same.

On Thursday, April 23, 1992, I, Det. Timothy KOCEJA, was assigned follow-up investigation regarding the above offense. This follow-up involved interviewing a Milwaukee County Sheriff's Deputy regarding his observations of a possible suspect in this offense. The deputy was identified as Robert L. SCHROEDER, W/M, dob: 7-7-51. Deputy SCHROEDER has been employed with the Milwaukee County Sheriff's Department for 16-years and works out of the Sheriff sub-station, 10190 W. Watertown Plank Rd.

Deputy SCHROEDER said that at approximately 4:30 or 4:40 P.M., on Wednesday, April 22, 1992, he, along with his family, was at the Open Pantry Gas Station, 8632 N. 107th St. Deputy SCHROEDER said at this time he observed a black male drive into the gas station and fill his car with gasoline, and drive off without paying.

Deputy SCHROEDER identified this black male as being in his early 20's, approximately 6' to 6'1" tall, with a very dark complexion. Deputy SCHROEDER further stated the black male had what appeared to be bumps of lighter complexion on his face near the cheek and nose area. Deputy SCHROEDER said that he did observe that this person from approximately 4-5'. Deputy SCHROEDER further described the clothing of this person as a black baseball cap and a black triple fat, 3/4 length trench type coat. Deputy SCHROEDER also said that he recalled seeing the letters "O" and the letter "C" written in an Old English style script in a white color, and he recalled that these initials were either on the cap or the back of this person's coat. Deputy SCHROEDER further stated that this subject was wearing dark pants of an unknown material, and that if he saw this person again he would possibly be able to identify him.

Deputy SCHROEDER states that he did follow this subject as he left the parking lot without paying for the gas to obtain a license plate number. Deputy SCHROEDER said the vehicle the subject was driving was a silver colored, 2-door Mazda, bearing a "92", WI. plate, #HRR919. Deputy SCHROEDER said that he followed this vehicle to the area of a housing project at 91st & Calumet, where he saw the subject drive the vehicle.

Deputy SCHROEDER said that he returned to his residence and telephoned employees at the Open Pantry to report information regarding the license plate number, and that he then called his own department to check on the plates. He found that the vehicle was

reported stolen. Subsequently, Deputy SCHROEDER read a Milwaukee Journal account of the above listed offense, which had a describtion of a possible suspect. Deputy SCHROEDER, thinking the person he saw matched the description of the attempt homicide suspect, and also the fact that this person was driving a stolen vehicle and was in the general area of this offense, believed that this information could further the Milwaukee Police Department's investigation in this offense.

The vehicle observed by Deputy SCHROEDER, a 1987, 626, 2-door, silver in color, bearing "92", WI., #HRR919, was reported stolen on March 3, 1992, and is on MWPD-92-17460. The owner of the vehicle is Paul F. CAVANAUGH, W/M, dob: 3-4-52, of 7302 W. Marine Dr., (357-6368). Mr. CAVANAUGH is employed at St. Joseph's Hospital. Mr. CAVANAUGH reported the vehicle theft on March 3, 1992, and stated that the vehicle was taken at approximately 10:30 P.M., that date, from 9091 N. 76th St.

On Thursday, 04-23-92, Det. Timothy KOCEJA received follow-up investigation concerning this offense. The follow-up was in regards to an anonymous tip received at District #4 on Wednesday, 04-22-92 at 7:35 by Sgt. Thomas SHONER.

At this time, an anonymous caller told Sgt. SHONER that her 70 year old mother was at Northridge on 04-21-92 at approximately 1:30 p.m. in the food court area at the mall. The caller said that her mother was sitting at a table watching a young black couple fill out employment applications. The black male was wearing a baseball cap with a logo on the front. This anonymous citizen went on to say that her mother told her that a second black male approached and offered $20 for this cap, and the cap was sold. This anonymous caller went on to say that the cap was similar to the one left at the crime scene at TGI Fridays. This caller then stated that her mother related that a white male who is employed at the House of Fashion Hair Salon at Northridge was also in the food court at the time of this transaction and observed the hat being sold.

At approximately 1:24 p.m., Thursday, 04-23-92, I, Det. KOCEJA, went to the House of Fashion, located in Northridge Mall, 7700 W. Brown Deer Rd. At this time, I contacted and identified the manager of the beauty parlor as Paulla M. ZACHOW, W/F, DOB: 02-18-50, of 5709 W. North Ave., Apt. #2, (444-6405). Mrs. ZACHOW said she is the manager of House of Fashion and has been so employed for the past 20 years, (354-2370).

Mrs. ZACHOW was interviewed regarding white males that are employed at the store. She said that in October, 1991, they had a white male employer at the beauty shop as a stylist but he quit. Mrs. ZACHOW checked the employee records and identified this white male as Dennis SCHMUTZLER, of 3719 N. 60th St., (444-9232).

Mrs. ZACHOW further said that she knows Mr. SCHMUTZLER to currently be employed at the beauty parlor in the Prange's Store in Northridge Mall. She knows for a fact that Mr. SCHMUTZLER works on Tuesdays and assumed that he would have been working on Tuesday, 04-21-92.

Investigation lead to the Prange store, at which time it was learned that Det. Percy MOORE was also conducting follow-up investigation. He located and interviewed Dennis

On Thursday, 04-23-92, I, Detective Michael DUBIS, received follow up regarding this investigation which included interviewing Alfonso CHAMBERS, B/M, DOB 07-30-72, of 4166 N. 36th Street, ID #255521. Information had been passed along to me that there were several females in the LUCAD bull pen discussing the stabbing of a man and a wife in the Northridge area and one of these females, identified as Denise HENDERSON, B/F, DOB 07-18-56, had mentioned that her brother, Alfonzo CHAMBERS, was responsible for this attack.

Information was also related to me that when Detectives attempted to interview Denise she subsequently denied these allegations.

At 6:25am I went to 4166 N. 36th Street and spoke with Alfonso CHAMBERS and he stated that he was home all night on Tuesday evening and was playing video games way past midnight. I also spoke with his father, James HENDERSON, and he stated he was home all evening and until he went to bed he was aware that Alfonso was playing video games.

During investigation of this offense a business card was recovered for the Cedar Creek Lawn Service listing the owners as Dave GROEGER and Jesse ANDERSON. This card listed a phone number of 524-5065.

At approximately 11:30am on this date Detective Joseph NOWICKI called this phone number attempting to contact Dave GROEGER. At that time a message was left with the answering service that answered the call requesting that Dave GROEGER contact our Department.

At approximately 3:42pm Detective Paul STUHMER again contacted this number in an attempt to reach Dave GROEGER who had not responded to the previous call. At this time the party at that number stated that she was an answering service for Cedar Creek Lawn Service and that she would leave a message for Dave GROEGER to contact me or another officer in the Homicide Squad. I asked this individual if she knew Dave GROEGER'S position in the lawn service and she stated she believed he was a part owner.

At the time of this dictation, 8:45pm, David GROEGER has not returned the call to our Department. Phone 524-5065 is listed to the Anchor Answering Service.

At 6:50pm I contacted Sergeant James BACKES at the Cedarburg Police Department, phone 375-7620. At that time it was requested that he check their department's records for any information regarding the Cedar Creek Lawn Service, David GROEGER, Barbara E. ANDERSON and Jesse M. ANDERSON. Sergeant BACKES checked the Cedarburg Police Department's records and informed me that they have no record for Cedar Creek Lawn Service of which our information revealed that David GROEGER is a part owner. He informed me that he personally knows Dave GROEGER who is currently employed at Krueger Auto Tech in Saukville, however, this individual did just recently start a lawn care service. The only contacts with the Cedarburg Police Department regarding Dave GROEGER were two traffic accidents. This individual's last known address was 525 S. Colonial Parkway in Saukville.

A check of the Cedarbug Police Department records revealed no contacts with Jesse M. ANDERSON. Two contacts with their department were made relative to Barbara E. ANDERSON. One of the contacts dated 09-16-87 listed her as a witness in a tampering

On Thursday, 4-23-92 at 12:15 PM, we, Det. Dennis MURPHY and myself interviewed Thomas LYNCH, W/M, DOB: 8-25-53 of 15530 S. LaVergne, Oak Forest, IL 60452, (1-708-687-1638). He is employed as a Police Officer for the Orland Park Police Department, (1-708-349-4111). Thomas LYNCH is a brother of the victim in this offense and the brother-in-law of Jesse ANDERSON, a second victim in this offense.

He was questioned regarding the background of the relationship between Barbara ANDERSON and Jesse ANDERSON. He stated that they met each other in approximately 1983. They were married in Cook County, Illinois in March of 1985. He stated that Jesse had previously been married and divorced. Information he had on the background of Jesse indicated that he (Jesse) had applied for the FBI and they turned him down because of his "past record". He also believed that Jesse had served a 30 day sentence somewhere in Illinois for a Battery. He stated that his sister, Barbara, and Jesse moved to Wisconsin in 1986 or 1987 and lived at several locations in the Cedarburg/Saukville area. To his knowledge, they had a successful marriage and he was not aware of any problems. Thomas LYNCH indicated that he has previously checked the Illinois Information Bureau files and wasn't able to locate any kind of a record on Jesse ANDERSON.

When questioned regarding her close relationship with several relatives, he indicated that she was probably as close to his wife as any other person. He has had conversations with his wife and his wife does not indicate any conversations indicating any type of family trouble or domestic disputes. He further stated that his wife visited with Jesse and Barbara on Easter Sunday. He himself called and talked to his sister on Easter Sunday and there was no indication of any problems at that time.

On Thursday, 4-23-91 at approximately 12:45 PM, we, Squad 124 Late, Det. Percy MOORE and Det. Timothy KOCEJA conducted follow-up investigation which consisted of going to 6135 W. Spencer Pl. to pick up a witness in this offense by the name of Tommy Q. MYLES, B/M, DOB: 7-5-73, 4967 W. Medford, (873-6259). 6135 W. Spencer Pl. is the home of Tommy's girlfriend, Wanda JACKSON, B/F, DOB: 4-1-73 (461-8298). We were instructed to convey Tommy MYLES and his girlfriend, Wanda JACKSON, to the CIB for further investigation regarding this offense.

Once in the squad car, Tommy MYLES informed us that after leaving the Police Station located at 749 W. State on 4-22-92, he remembered that there was a white male sitting at a table near him in the restaurant area of the North Ridge Mall on Tuesday, 4-21-92, that witnessed a white male purchase his baseball cap. Tommy stated that the white male who was sitting at the table and witnessed the selling of the hat was a white male in his 40's, brown messy hair, wearing a beige plaid shirt with a Prange's employee tag on the left side of his shirt, glasses, narrow chin and a wide head.

We, Squad 124, Det. MOORE and KOCEJA, along with Tommy MYLES and his girlfriend, Wanda JACKSON, proceeded to North Ridge Mall, 7700 W. Brown Deer Road, where we entered Prange's Department Store. Upon entering the store, we spoke with the Personnel Manager who identified herself as Mavis H. LUTHER, W/F, DOB: 9-4-45 of 1506 W. River Oaks Lane, Mequon, (243-5136). I, Det. Percy MOORE, informed Ms. LUTHER that we were looking for an employee of Prange's and gave her the description. Upon checking her personnel files, she advised that the only person matching that description was the Assistant Manager of Prange's Beauty Shop and that his name is Dennis M. SCHMUTZLER, W/M, DOB: 6-24-47 of 3719 N. 60th St., (444-9232).

I then asked Ms. LUTHER if I would be able to see Dennis SCHMUTZLER and she informed me that she would take me to him. I then instructed Tommy MYLES and Wanda JACKSON to be seated in the customer service area of the store and then proceeded to the beauty shop area with Ms. LUTHER. Upon reaching the beauty shop area, I observed Dennis SCHMUTZLER and he did in fact match the description given by Tommy and Wanda. I then asked Dennis to accompany me to the customer service area, at which time, he observed Tommy and Wanda

sitting and stated, "I remember those people, a white guy bought his hat while we were sitting in the restaurant area of the mall." Tommy then stated that Dennis was the guy that was sitting at a table when the white guy bought his baseball cap on Tuesday, 4-21-92 at about 12:45 PM.

I, Det. Percy MOORE, then took Dennis SCHMUTZLER to a security room and interviewed him regarding this offense. Dennis SCHMUTZLER stated that he has been employed at Prange's as the Assistant Manager of the beauty shop since Sept. of 1991.

Dennis stated that on Tuesday, 4-21-92 at approximately 12:45 PM, he left the beauty salon located inside of Prange's and went into the Mall into the Food Court which is located just outside of the store in the Mall. Dennis stated that he sat down at a table and had a cup of coffee and was smoking a cigarette. Dennis stated that he remembers seeing the black male identified as Tommy MYLES and the black female, identified as Wanda JACKSON, the two subjects who had accompanied me into the store. Dennis stated that they were sitting about one table away from where he was seated and that they were filling out what appeared to be an application for a job.

Dennis stated that a white guy who he described as a white male, late 30's to early 40's, 5'11" to 6', slim build with a big chest, 140 to 150 lbs., short greyish blk hair on the sides, balding on top and with a slight tan, wearing beige dress pants, a beige sports coat, a white shirt, brown or black shoes, and no glasses walked past the table where the black male and the black female were seated. Dennis stated that after the white male walked past them, he turned around and came back to the black male, Tommy MYLES, and stated something to him. Dennis stated that he couldn't hear what it was but saw the white male who he described above, pull out a big wade of money and give the black male $20 for his baseball cap. Dennis stated that the cap appeared to be a blue baseball cap with writing on the front. Dennis stated that the white male took the hat in his hand and walked away with it and he never saw him again.

Dennis stated that he thought it was odd that someone would walk up to somebody and buy the hat like that. Dennis stated that he looked at the black male and the black female and they looked at him and they all laughed. Dennis stated that he could possibly recognize the subject if he were to see him again.

Dennis SCHMUTZLER was conveyed to the CIB, along with Tommy MYLES and his girlfriend, Wanda JACKSON. Once at the CIB, Dennis SCHMUTZLER was taken to the Vice Squad where at 3:50 PM, he was shown a photo array which is on Inventory No. 1372297 which depicts six photos of white males with tuxedos, along with white females. One of the photos depicts the victim in this offense, Barbara ANDERSON and her husband, Jesse ANDERSON. Upon viewing this photo array, Dennis SCHMUTZLER picked a photo in the lower left hand corner of the photo array which is a picture of Jesse ANDERSON, W/M, DOB: 5-5-57 of 2121 Lofty Ln., Saukville, WI and his wife, Barbara E. ANDERSON. Dennis SCHMUTZLER stated that the white male in this photo looked like the white male who bought the baseball cap from the black male (Tommy MYLES) in the restaurant area of the North Ridge Mall on Tuesday, 4-21-92 at approximately 12:45 PM. Dennis stated that he does not know this white male, that he has not seen him on T.V. or in the newspaper.

I, Det. MOORE, asked Dennis SCHMUTZLER if he had heard anything regarding the incident that occurred on the North Ridge parking lot by T.G.I. Fridays at 8901 N. 76th St. on Tuesday, 4-21-92 and he stated that he had heard a little something on the news but that's all. Dennis stated that this is all the information he could give me at this time regarding this offense.

Approximately five years ago, Jesse applied for and received a job with his company. During that period of time, he has been a model employee. He indicated that Jesse is mild mannered, has an even temperment, and everyone seems to like him. He stated that his personality is very likeable and Jesse has created no problems in the office.

We questioned him regarding Jesse's job and he indicated that Jesse is usually out of the office doing sales. He is not familiar with Jesse's activity on Tuesday, 4-21-92, and indicated that his son was in the office on that date and would have more knowledge regarding Jesse's activities. He indicated his willingness to cooperate with this investigation and indicated that we could go to the company and check any records or office space used by Jesse ANDERSON in an attempt to identify a possible motive or suspect for the attack on Jesse ANDERSON and his wife.

He was questioned regarding the company that had been formed by Jesse and his wife, Barbara. He stated that he was aware of that company's organization and that it was formed for the purposes of obtaining minority contracts. He stated that he himself was not in agreement with Jesse forming this company and that this was Jesse's own idea. He knows nothing about that business or its operartions.

On Thursday, 4-23-92 at approximately 3:30 PM, we were summoned to Milwaukee County General Hospital to interview the parents of Barbara ANDERSON. At that time, Thomas LYNCH, a Police Officer from Orland Park, Ill., introduced us to his father and mother, indicating that they had information they wished to discuss with us.

Thomas LYNCH, W/M, DOB: 11-26-20 of 3573 W. Lakeshore Ave., Crown Point, Indiana, (219-663-7375) and his wife Veronica LYNCH, W/F, DOB: 7-23-28 are the parents of Barbara ANDERSON. They were interviewed and indicated that they received an unusual phone call from Jesse ANDERSON approximately one month ago. In their discussions, they indicated that it was approximately March 14. At that time, Jesse called and indicated that he was calling from his car phone. The reason he was calling is that he did not want his wife, Barbara, to be aware of this telephone conversation. During the phone conversation, Jesse indicated his concern that Barbara was despondent and had expressed concerns that she was going to die. Jesse indicated that she was suffering from headaches. It was a brief conversation and during the conversation, Jesse asked them not to say anything to Barbara regarding the phone call. Jesse also indicated that Barbara was thinking of Jimmy (a brother who died in an auto accident in 1983) a lot.

Because of Jesse's concerns for the despondency of his wife, he made arrangements and they babysat for their grandchildren while Jesse and Barbara went to Jamaica over the weekend. Information they obtained regarding this vacation indicated that Jesse was golfing each and every day while she stayed in the area of the pool and they did not spend a considerable amount of time together. During conversations regarding the trip to Jamaica, Jesse indicated that they were up in the mountains and while in the mountains, Barbara again made conversation that she was afraid of dying. He related this to her fear of heights.

MARTIN LYNCH, W/M, DOB: 3-17-62 of 114 N. Windham Ln., Bloomingdale, IL, (708-224-8887) stated that Jesse ANDERSON has a "black belt" or sometype of belt in karate. He then during the discussion, indicated that he believed he had some trophies in the basement of his home for "kick boxing".

During our discussion with these family members, they all indicated that Barbara

On Thursday, 04-23-92, we, Detectives Dennis MURPHY and James BECKER, reinterviewed the victim, Jesse M. ANDERSON, W/M, DOB 05-05-57, of 2121 N. Lofty Lane, Saukville, Wisconsin. Jesse was questioned regarding the activities that happened at the time of the attack and his activities for the day during Tuesday and leading up to the attack. Jesse stated that he arrived for work at about 7:30am or 7:45am and remained in the office until approximately 10:30am. He then went to Spheeris Sporting Goods Store on 76th and Mill Road and bought some fishing poles due to the fact that they had a going out of business sale and he has a pond on his property for fishing. He indicated he put these fishing poles in the trunk of his car and then went home around lunch time, approximately noon, to watch his three children because his wife had to go to the doctor for a sinus infection at the Cedar Creek Medical Complex. He stated his wife was at the doctor until approximately 2:45pm. When she returned home he went to the Northshore Country Club and played nine holes of golf. He related that he then returned home, they fed the children and his wife went to pick up the babysitter. Upon returning home at 6:30pm he and his wife then proceeded to drive to the Northridge Shopping Center to go to the show. He stated they arrived at the show after it started, bought some popcorn and watched the movie. After leaving the movie they went over to T.G.I.F's to get a bite to eat.

Regarding the incident that occurred in the parking lot after leaving T.G.I.F.'s he stated that everything he told me in the previous interview was true. He stated when he observed this individual attacking his wife he was placing the key in the car door in order to open it for his wife. Upon observing the attack he ran back and tried to grab the suspect by the shoulders or head area at which time the individual struck him with a knife several times in the chest area. He stated after he was struck with the knife he observed his wife on the ground behind the van kind of crawling to get under the van and another black male was attempting to grab her and, he thought, pull her away. He then stated that he fell to the ground and observed these individuals run away.

I asked Mr. ANDERSON if he or his wife wore glasses and he stated they did not. I asked him if either one of the suspects wore glassess and he stated they did not.

We then asked Mr. ANDERSON if he would give us a blood sample so that it could be compared with the blood on the knife due to the fact that he stated that suspect #1 had stabbed his wife first and then him. He agreed to give us a blood sample. Nursing Supervisor, Vicki DEMBOWIAK, took two viles of blood from Mr. ANDERSON at approximately 1:45pm. This was placed on Milwaukee Police Department inventory #1372326.

Detective BECKER then took four Polaroid photos of Mr. ANDERSON'S wound to his left chest area.

We also questioned Mr. ANDERSON as to any other injuries he may have received during this altercation and he showed us an approximately 3/4" cut which was on the palm just below his left index finger and he also stated he had some scrapes and cuts on his ring and middle fingers. He stated there was still blood on his fingernails, but he didn't know if it was his or his wife's blood. I asked Mr. ANDERSON if he had punched or scratched the individual who attached him and he stated he didn't believe so. He stated he went to grab him by the head and believes he knocked his hat off.

Mr. ANDERSON was then questioned regarding anyone who may have any reason to be mad at him or any employees, friends or associates who are mad at him due to any type of altercation or conflict he may have had and he stated there was one individual, namely Tom LANK, W/M, about 28yoa, who was a driver for the Lakeside Oil Company and he was fired six weeks ago. Mr. ANDERSON stated that they felt this individual was stealing the diesel fuel from the company and selling it to other people. He indicated that they caught Tom in a lie when he did not appear for work one day and told them that his brother had been in an auto accident and was losing his leg due to the accident. At that time Mr. ANDERSON checked this story out and found it to be false. Mr. ANDERSON also informed us that they believed that Mr. LINK would deliver diesel fuel to Amtrak who was a customer of theirs and upon delivering the fuel would only give them half their order. He stated that Amtrak would complain that they were supposed to get approximately 1000 gallons at one time and they only received 500 gallons. Upon checking the order it showed that they had received the entire 1000 gallons and Tony was the driver at that time. He stated that this could be the only employee that might have

something against him due to the fact that he checked out his story regarding his brother and found him to be lying and Mr. LANK was subsequently fired. Mr. ANDERSON stated, however, that Tony LANK came to visit him this morning and he was very surprised that he did.

We again asked Mr. ANDERSON to describe the direction of travel they were coming when they left T.G.I.F.'s to go to his vehicle and he stated that they walked directly to his vehicle on the passenger's side and he was approximately four to five steps in front of his wife as he got to the door and put his key in to open the passenger's side door. He stated as he was doing this he heard his wife scream and turned and saw the black male stabbing his wife directly behind the van and approximately between the van and the auto. He stated he then ran to assist his wife and the subject turned on him and stabbed him. He stated he believed his wife fell behind the corner of the van and started to crawl under the van when he observed the other individual grabbing to pull her away. Mr. ANDERSON stated that neither he nor his wife ran from these vehicles in any direction other than the altercation they had between and at the rear of the vehicle. He also indicated again that as he was approaching the van he did not observe any of the suspects in the area or hiding by his car or the van.

After doing further investigation in regards to this complaint I again attempted to contact Patricia DALTON and reached her at her residence. I questioned her regarding the further information she had where she had called Captain Thomas PERLEWITZ and informed him that she may have more information and she stated that she only wanted to tell us that Mike and Joy SCHRAMKA, phone 377-5688, were very close friends with the ANDERSONS and they may be able to shed some light as to their activities. She stated that Mike SCHRAMKA is, in fact, an athlete and had been with Mr. ANDERSON quite a bit on outside activities. She stated that these two individuals were the two people who originally took care of the ANDERSONS after they were attacked and while they were in the hospital. Patricia stated that if we need any more information we can contact her either at her residence or at her father's residence.

He went on to indicate that a friend's automobile broke out on the parking lot behind the Fuddrucker's Restaurant, 8531 W. Brown Deer Road, on Monday, 4/20/92. WILLIAMS stated he subsequently drove to this location on Tuesday afternoon, 4/21/92, at around 3 to 4:00 PM, in an attempt to repair the disabled vehicle. He stated at this time,

did, in fact, accompany him to this location. He stated he began to repair the vehicle and was working under the hood for a period of about 15 to 20 minutes. At this time, he noticed the vehicle approach from behind, and, further, stated that it slowed down as it neared the front. He describes this automobile as being a full-sized, brown in color, possible 4 dr., in a beat-up or rusted condition. He went on to indicate that the automobile was occupied by two black males and that the driver was described as being in his late teens to early 20s, having a dark complexion and slender facial appearance, and he noted that he was wearing a possibly green colored baseball cap, which was turned toward rear, and a dark colored jacket. WILLIAMS stated regarding the passenger, he could only provide a description that it was, in fact, a black male. David WILLIAMS stated when this vehicle neared the front area of the automobile that he was working on, the black male driver of this automobile asked him, "Do you need any help?" At this time, WILLIAMS replied, "No, we should be all right." At this time, the occupants in the auto drove off southbound across the parking lot. WILLIAMS further noted that the entire time period during which time he made his observation was less than one minute in duration. He could provide no further information or description relative to the vehicle or occupants at this time.

David WILLIAMS was thanked for his information relative to this investigation and he indicated he would be fully cooperative to any further investigation, should it be needed.

On Friday, 04-24-92, I proceeded to the Medical Examiner's officer whereupon I was met by Dr. Jeffrey JENTZEN. Dr. JENTZEN conducted the autopsy on the victim, Barbara ANDERSON, and stated the victim died of stab wounds to the head. He is considering this a homicide. He stated that there are approximately 21 stab wounds to the victim's head. There are also defensive wounds to her right and left hand. Looking at the body diagram, wound #9 and wound #21 are the critical wounds. Either of these wounds could have caused death. Dr. JENTZEN stated he did not proceed any farther regarding the depth of the wounds due to the fact that at this time the brain was in an unstable condition. He went on to state that there was no other trauma on the body. The knife which was placed on Milwaukee Police Department inventory #1372240 as item 2 was taken by me to the Medical Examiner's office. Dr. JENTZEN examined the knife and took several photos of it. He indicated the knife is consistent with the stab wounds to the victim. The flat blade of the knife was the instrument used.

ID Tech David GROTH took nine photos of the victim.

While at the ME's office I received the following items of evidence:

1. Two bloods, one bottle, one vile
2. One envelope containing left hand fingernail clippings
3. One envelope containing right hand fingernail clippings
4. One envelope containing head hair pluckings.

The aforementioned items were placed on MPD inventory #1372385.

On Friday, 4-24-92, I, Det. Michael WESOLOWSKI conducted follow-up investigation regarding this homicide. The follow-up was to contact personnel from the Milwaukee Fire Department who responded to the scene of the stabbing at 8901 N. 76th St. They were to be questioned as to if at any point when they were at the crime scene, they had entered either the black Volvo or the van which parked next to it.

I contacted Fire Fighter Peter GALLAGHER. GALLAGHER was assigned to Med. Unit 38 the evening of the homicide and his vehicle conveyed the victim, ANDERSON, to MCMC. GALLAGHER stated that while at the scene, he did not enter either of the two vehicles, that being the black Volvo or the van. He stated that he did not see anyone else enter these vehicles while he was there.

I then contacted four Fire Fighters who were on Ladder 7 which is located at 80th and Bradley who also responded to the scene of the double stabbing at 8901 N. 76th St. I spoke to the following Fire Fighters: David ROESLER, Hale BOSTON, Alan BERTOLAS, and Michael MATTHEAUS. All four of these individuals stated that while they were at the scene, none of them entered either the black Volvo or the van which was parked next to the black Volvo. Fire Fighter Alan BERTOLAS did indicate that he may have leaned up against the rear of the black Volvo during the incident.

I then contacted personnel of Engine 39 who also responded to the scene. Engine 39 is also located at 80th and Bradley. I spoke to a Steven LAADS and a Scott LASSA. Both of these Fire Fighters stated that while they were at the scene, they did not enter either the black Volvo nor the van that was parked next to the Volvo. They also stated that they did not observe anyone else enter these vehicles. Another member of Engine 39 that evening was a Richard LIDKE (phonetic) who was previously interviewed because he accompanied the victim, Barbara ANDERSON, in Med. Unit 38. Captain Bert BEMANN is currently out of town and was not interviewed. He will be returning to work on 4-27-92 and can be reached at the Fire House at 80th and Bradley (226-8939).

On Friday, 4-24-92 at 12:00 PM, Squad 124 Early, Det. Michael YOUNG and Brian O'KEEFE, responded to 6200 N. Baker Rd. to meet with the leasee of the white van, that being Ronald L. FRANK, W/M, DOB: 10-1-54 of N56W2626 Richmond Road, Sussex, Wis., (538-4089). He is employed at Milwaukee Biscuit Co., (228-8585) and that is why he uses the white 1990 Ford Van, Wis. registration BC20874.

At this time, upon meeting Mr. FRANK, I asked him if he recalled seeing the dark, gray Volvo parked alongside his auto when he pulled into Friday's Restaurant. He stated that he did not see the auto but stated that he would have gotten out of his vehicle on the side opposite of the Volvo and would not have had reason to go on that side of his automobile. Again, Mr. FRANK reiterated that he did not see any disturbance out there, nor did he have any conversation with the victim's in this offense.

Ronald FRANK stated that he came there with approximately 12 other individuals and that some of them did park their automobiles in the back parking lot. He stated that he believes at home, he has a listing of these individuals and will attempt to get us the addresses and names of those individuals that were at the restaurant that night.

Concerning the clearance from the ground to the bottom of the van, the measurements are as follows. From the front of the van, the clearance under the front bumper to the ground is 14 inches. On the sides of the van, it is 14 inches at the front corner of each side of the van. The distance from the ground to the mid lower portion of the van is 12 3/4 inches on each side. At the far rear corners of the van, the distance is approximately 19½ inches on the left corner and 19¼ inches on the right corner. The van itself is 205 inches in length and the van is 76" in width.

Other measurements indicate that the gas tank is 15 3/4 inches above the ground, the hub for the back axle itself is 7 5/8 inches off the ground, while the rear axle itself is 11 3/4" off the ground. The drive shaft, as it connects to the hub, is 11 inches off of the ground. The actual van bed itself is 24 3/4 inches off the ground while the van frame is 14½ inches off the ground. Midway on the drive shaft is approximately 12 3/4 inches off the ground while the drive shaft at the transmission is 15 inches off the ground.

At this time, we again checked for any other blood samples on the van; however, Mr.

He further indicated that they subsequently entered the restaurant and were seated at a table near the west wall of the restaurant. He described the restaurant as being of moderate capacity and noted that the bar area was crowded with customers and the noise level was loud. his dinner while watching the 10 PM nightly news. He stated that he believes he observed between 10 and 15 minutes of the news broadcast and was looking in a northerly direction towards the front doors of the restaurant when he personally observed two to three employees of the TGI Friday's Restaurant begin running towards the front doors. At this time, TORCIVIAH told his wife, "There's something going down, I'm going to check on the car."

He went on to indicate that he then proceeded to run out the north doors of the restaurant and continued in an easterly direction across the parking lot, just off the northeast corner of the restaurant. Once he neared the northeast corner, he was approached by a white female who he later learned to be the Manager of the TGI Friday's Restaurant and noted that she made a statement to the effect of "Oh my God, somebodies been stabbed." He further indicated that several other employees were standing around in the general area of the northeast corner of the building.

At this point, this witness, Paul TORCIVIAH, began looking in an easterly direction and observed a person lying on the ground between two automobiles in the first aisle of cars. He went on to indicate that at this time, he took approximately two steps forward and immediately turned around to find the restaurant employee who was his waiter. He instructed him to return to the inside of the restaurant to get his (Paul TORCHIVIAH'S) wife as she is a nurse and further to call emergency 911. TORCHIVIAH stated that by calling for 911 emergency service, he began to activate the basic steps in the EMT system.

He went on to indicate that he now continued to run in an easterly direction toward the victim, further noting and surveying the area of the scene to assess any dangerous situations. He stated that just before approaching the victim, he (TORCHIVIAH) removed his coat and proceeded to throw it to the ground between two parked automobiles. He stated that as he now neared the victim, he learned that it was in fact that it was a white male and further that the white male victim stated words to the effect, "Help me, help me, a guy stabbed us, help my wife." TORCHIVIAH noted that this victim's voice was in somewhat of a low intensity and that he was not raising his voice or shouting in a loud fashion.

He went on to indicate that the white male victim was in fact lying between a white

colored Ford van and a grey Volvo and that the distance between the vehicles was approximately three to four feet. He stated the victim's head was facing in a westerly direction while his feet were in an easterly direction. He also noted that the victim was lying on his stomach with his arms folded in front of and under his head as though he was using them like a pillow.

TORCHIVIAH stated that he then proceeded to kneel next to the left (south side) of the victim. He stated that while in the process of kneeling to the ground, he personally observed a key in the lock of the door to the Volvo vehicle and while bending down to his knees, the rear of his shirt actually hooked the key in the door.

TORCHIVIAH stated that he immediately conducted an assessment of the victim, checking a radio pulse at the wrist and further, the victim's respiration. He described his actions as placing his right hand on the victim's back while using his left hand to check a pulse at the wrist. TORCHIVIAH stated that he then noted that victim's ABC's (airway breathing circulation) were not an immediate threat to the victim and further, the victim continued stating, "My wife, my wife". TORCHIVIAH stated that he was unable to see the second victim under the van and therefore, scooted around towards the victim's head. He indicated that he was performing a quick triage of the scene and the victims.

TORCHIVIAH stated that during the time when he immediately left the victim's side and scooted towards his head, the victim stated words to the effect of "We were stabbed and I got the knife still in me." At this point, TORCHIVIAH related that the victim simultaneously raised his upper body slightly and he observed the white male victim's arms near the chest area of the victim. He further indicated that the victim's coat was in fact open. TORCHIVIAH described the victim's hand position as being the palm down and specifically in the area just to the right of the victim's midline. TORCHIVIAH immediately noticed a red handled silver bladed knife which he estimated to have a blade length of approximately five inches. He stated that the white male victim then outstretched his right arm approximately 3/4 of the way and proceeded to drop the knife to the ground in front of him.

He noted that this area was in fact near the right rear tire of the van. TORCHIVIAH specifically described the area where the knife was pulled from as being just to the right

of the victim's midline and left of his right nipple. He further related that from the position in which the victim was lying, he, TORCHIVIAH, felt the knife was in a downward angle.

Moments later the white male victim stated, "That's the guy's hat." TORCHIVIAH stated that the victim did not point to any particular location, but he, TORCHIVIAH, immediately noticed a Clipper's dark colored baseball cap lying on the ground, approximately 12 inches from the victim's head. He stated that the bill of the cap was pointing in a north to northwesterly direction and that the hat was in an upright position with the opening for the head towards the ground. He stated that he did not personally observe any blood on the baseball cap.

The witness, Paul TORCHIVIAH, made a determination that he should recheck the white male victim's pulse due to the fact that the knife had apparently been removed from the victim's chest and could result in greater injuries or a sucking chest wound to the victim. He further indicated that the white male victim continued to stated, "Help my wife, help my wife!" at which point, TORCHIVIAH observed the white female victim beneath the van.

He stated that upon initial observations, he noted that she was covered with what appeared to be blood about her head, face, and upper body. He stated that he then asked the white female victim, "Did you get hit by a van?" to which the female victim made no verbal statement but shook her head from side to side which TORCHIVIAH interpreted to mean no. He went on to indicate that the female's legs were facing in a westerly direction and that her head was facing in a northeasterly to easterly direction. He described her position underneath the vehicle as her legs or knees in line with the rear axle of the van and further noted that her right knee was slightly bent up.

While making these observations, TORCIVIAH overheard the male victim stating, "She's been stabbed in the head five times, damn it!" He further indicated that the male victim was somewhat excited but his tone of voice was what he described as being low intensity.

TORCIVIAH stated that he then told the male victim to calm down, at which point, TORCIVIAH'S wife approached the scene and he instructed his wife to monitor the victim. TORCIVIAH then informed her that he was going to call 911 at which point, he ran inside

the restaurant and the Manager directed him to the phone. He stated that he dialed 911 but received a recording and later turned the receiver over the Manager, instructing her what to say to the Operator.

TORCIVIAH stated that he then ran back outside and immediately went to the female victim and noted that there was now a female citizen who identified herself as a nurse and that the nurse was attending to the victim. He further indicated that he ran around the front of the van and then went back to the male victim to administer medical assistance. He further instructed the victim to remain in a down position and not to turn over until the ambulance arrived. He indicated that he remained with the victim until the arrival of the Fire Department and Police Department.

Paul TORCIVIAH stated that he did not personally open, close, or enter any vehicles near the scene of this offense. He went on to indicate that he has no knowledge regarding any portable cellular phone which was used or mentioned during this offense. On Friday, 04-24-92, at approximately 3:00pm, I was contacted by Debbie ANDERSON, the sister of the victim, Jesse ANDERSON. She advised me that Jesse had received a letter at MCMC where he is being treated for his injuries. This letter indicated gang involvement in the death of Jesse's wife, Barbara ANDERSON. The letter specified that it was a result of gangs that were transferring from the Capitol Court area to the Northridge area. She was advised not to handle the letter, but to retain it for us and we would recover the letter and check it for latent fingerprints.

At 3:30pm we went to Jesse ANDERSON'S hospital room where his sister, Debbie, and his mother were present. At that time Jesse was extremely upset because of news reports he had heard in which it had been reported that he had been arrested for the homicide of his wife. He was greatly upset by these reports and indicated that he "couldn't take the pressure anymore." While we interviewed him in the room an attorney from Habush, Habush & Davis was present and had responded to requests from the family in an attempt to consider actions against the news media. During this interview I advised him that we had contacted several radio stations that had allegedly made these reports. I advised him that we were attempting to locate the radio stations supposedly making these reports to advise them that there had been no arrest made. During this interview there was no questioning regarding the offense and no discussion regarding the investigation.

Detective Michael YOUNG and myself left the hospital at approximately 3:50pm.

The letter we obtained was conveyed to the ID Division and was fumed in an attempt to obtain latent fingerprints. A copy of this letter and the results of the fuming of the latent print test will be attached to this report.

On Friday, 04-24-92, at 6:15pm, I received a telephone call from Jesse ANDERSON. He indicated that he had watched the Channel 12 News and on the news they indicated that he had been arrested. He further was concerned about the report of a hat being sold in the Northridge area and asked me if I knew about the hat. I indicated to him that I was aware of a hat that was transferred in the Northridge area approximately two weeks ago. I told him that the hat was a baseball cap that had been observed by an anonymous caller who contacted the Police Department and advised us of a transaction that occurred in the Super America station. I further advised him that the hat was exchanged for a sum of money. I again advised him that I did not know if this was related to this homicide investigation or if it was a drug transaction that occurred.

On Thursday, 4-23-92, I, Detective Michael DUBIS, was instructed by Detective Lieutenant David KANE to re-examine the 1989 Volvo 4-door, 92/WI/KP3056, that was towed from the crime scene regarding this investigation. This auto belongs to Barbara and Jesse ANDERSON and was secured in the sub-basement of the Police Administration Building. At 4:30 PM, I did view the exterior of the automobile, specifically the passenger side of the car, at which time I observed blood on the rear passenger door handle. I also observed a drip of blood that had rolled down the back passenger door. During my examination of the auto, I observed that the blood on the window frame of the back passenger door continued onto the rubber seal that would not be accessible unless the door was open. The blood was also on the interior frame of the window. I observed blood on the arm rest of the rear passenger door, as well as a spot of blood on the front floor mat where the small object (bone or stone) was recovered.

On 4-24-92, at 9:30 AM, I, along with Assistant District Attorney Carol WHITE, went to Room 336 of the Safety Building and met with Judge Jeffrey WAGNER who subsequently issued a search warrant for the 1989 Volvo automobile, license KP3056, owned by Barbara and Jesse ANDERSON. This search warrant was to obtain blood, tissue, bone and/or other trace evidence relative to this investigation.

At 10:30 AM, I, Detective DUBIS, went to the location of the 1989 Volvo in the lower basement of the Police Administration Building and did recover the small object observed on the floor in the back seat of the vehicle. That object was placed on Milwaukee Police Department Inventory #1372368. The object was then conveyed to the Milwaukee County Medical Examiner's Office, and after being viewed by Dr. Jeffrey JENTZEN and Dr. John TEGGATZ, it was recommended that this object be sent to the Wisconsin Regional Crime Lab for analysis to determine whether it was organic or mineral.

Arrangements have been made for this auto to be conveyed to the Wisconsin Regional Crime Lab in Milwaukee on Monday, 4-27-92, for processing by the Crime Lab itself. Because this vehicle is to be conveyed to the Crime Lab, I, Detective DUBIS, conducted an inventory search to remove all property from the glove compartment, console compartment and the trunk, to assure the safety of this property. I went to the Property

Control Section and obtained the key for the automobile from Inventory #1372241, which was the purse belonging to Barbara ANDERSON, and went to the vehicle to recover the property. After opening the trunk and automobile, and before removing any property, I had photos taken by I.D. Technician MAZURCZAK. The property in the glove box was placed on Inventory #1372379, Item #4. The property from the console compartment was placed on Inventory #1372379, Item #1 and Item #2. The electric garage door opener, which was removed from the passenger side visor, was placed on Inventory #1372379, Item #3, The property from the trunk of the auto was placed on Inventory #1372392 and Inventory #1372379, Item #5. Included in the property recovered from the trunk was a box of business cards for Mr. ANDERSON for the Cedar Creek Lawn Service, along with paper products for the Cedar Creek Lawn Service, a Motorola Amer-Tech portable telephone and antenna, a brown leather briefcase, two fishing poles, a red and white umbrella, a yellow baseball cap for the Cedarburg Lions, and several other personal items belonging to the ANDERSON'S.

After completing this inventorying of the property from inside the auto, I placed the key, which was obtained from Inventory #1372241, on a new inventory separate from the purse, that being Inventory #1372378. The purpose for reinventorying the key was so that it could be used for transferring the automobile from the Police Administration Building to the Crime Lab on Monday, 4-27-92. At the completion of the removal of property, the auto was locked by myself. As I attempted to lock the automobile, I noted that the door locks on both the driver and passenger sides were operational. When the key was placed into the driver's door of the auto, the key would unlock all four doors and relock all four doors. When the key was placed into the passenger side front door, the key would only open that door, and subsequently relock only that door.

Report submitted by Detective Michael DUBIS.

On Saturday, 04-25-92, at 11:15pm, Detective Michael YOUNG and myself went to Milwaukee County General Hospital to meet with Jesse ANDERSON.

We arrived at 11:30pm and he was preparing to be discharged from the hospital. Present in the room upon our arrival were two friends, Craig PLANTE, W/M, DOB 05-14-47, of W65 N380 Westlawn, Cedarburg, phone 377-1179, Robert FISHER, W/M, DOB 04-05-59, of W53 N115 McKinley Court, Cedarburg, phone 377-9454, and his sister, Debra BOOHER, W/F, DOB 09-20-58, of 336 Whispering Oaks, Bethalto, Illinois, phone (618) 377-1592. After a brief conversation Jesse ANDERSON stated that he wanted to accompany us to the Police Administration Building for the purposes of viewing photos. His sister asked if it would be possible for him to go to his home first so that he could visit the children, but Jesse indicated that he preferred to go straight to the Police Administration Building.

At 12:10pm, Jesse ANDERSON was taken out of the old emergency room entrance of MCMC by hospital personnel. He was then conveyed to the Police Administration Building.

At the Police Administration Building he was taken to the fourth floor to avoid any media exposure. At that location several drawers of photos were taken into the room and he viewed a series of photos. While he was viewing photos, he was interviewed regarding the homicide of his wife, Barbara ANDERSON, and his own stabbing.

He stated that on that date, Tuesday, 04-21-92, he left his work at approximately 10:30am. He then went to the Spheeris Sporting Goods Store located at 76th and Mill Road. After buying some fishing equipment he got into his car and drove north on 76th Street and went home. He indicated that he arrived a short time after noon. Upon his arrival home his wife, Barbara, left to go to the doctor while he babysat for the children. After she returned from the doctor he went golfing and golfed with the Assistant Pro, Brian JOHNSON, who is a friend of his. He indicated that Brian JOHNSON can be contacted through phone 242-7004. He estimated the time of his golfing at somewhere around 3:00pm when he started and indicated that he golfed nine holes and was finished at approximately 4:30pm or 5:00pm. He then went into the club house and talked to some friends for a short period of time. After leaving the country club he went

REPORTING OFFICER	PAYROLL #	LOC CODE	SUPERVISOR SIGNATURE

home. Upon arriving home they called a babysitter and his wife went to pick her up. He stated that his wife picked her up because it was a new babysitter and he did not know where she lived.

At approximately 6:30pm he and his wife left the house and went to the show at the Northridge Theater. He stated that they arrived at the show a couple minutes late. Upon entering the show they bought some sodas and popcorn and entered the theater. After the show they left and drove to the T.G.I.F restaurant. He stated he drove onto the lot and all the parking spots were full until he drove to the back of the lot. He stated that he then turned around the corner into a lane at the rear of the restaurant and pulled his auto into the first open parking spot. While getting out of the auto he saw that a white man and a white woman were sitting in a reddish-maroon Rabbit which was parked in the parking lot in front of his auto. On a diagram that was drawn, he indicated that they were parked in either stall #1, #2 or #3. He believed that the van was parked along side of his auto. He and his wife then walked into the restaurant where they ate and had a drink and were in the restaurant for a period of approximately forty minutes. He stated that he paid for the restaurant bill with a fifty dollar bill.

He and his wife then left the restaurant and walked to their car. He stated the thought that the reddish-maroon auto was still parked in the same spot on the lot, but he didn't see anyone in the auto nor did he see anyone else on the lot at that time. As he walked between the autos to get to his car he walked slightly ahead of his wife so that he could open the door, hold it and let her into the car. He stated that as he was standing and putting the key into the passenger's side door of his auto his wife was on his right side and was toward the front of his auto. He indicated that she was less than ten feet and estimated approximately six feet away from him (he demonstrated the distance from the chair he was sitting in to the door of the room). While he was opening the door he heard his wife scream. He turned and saw a black male hitting his wife. He then ran over to help his wife and indicated that the time it took him was approximately one to one and a half seconds to get to that location. At that time the black male stopped hitting his wife and came at him. He stated that he grabbed this subject and was then stabbed in the chest. This lasted for a short period of time and

REPORTING OFFICER	PAYROLL #	LOC CODE	SUPERVISOR SIGNATURE

he was knocked to his knees. At that time the black male ran westbound between the cars to the first traffic lane and then ran southbound on the lot. He further stated that while he was fighting with the black male and was being stabbed he observed that his wife was trying to crawl under the rear portion of the van. At that time he observed a second black male trying to grab her and pull her out from under the van. This second black male ran with the first black male who was stabbing him. He stated he was down on his knees and he could not see how far they ran. He indicated that they ran in that direction and he believed that they went possibly through the Best Buy parking lot. He stated, however, that they could ~~of~~ HAVE only ran a short distance when he no longer saw them and they could have gone in any direction. He stated that it was possible that they could have run three or four cars away and then ran out to 76th Street. He indicated that at that time he was yelling for help. For that reason he unlocked the door of his auto, reached inside to unlock the rear door so he could get to his cellular phone which he believed to be in the rear seat. He is not certain whether he unlocked the rear door, but indicated that he definitely did not get into the automobile. He stated that he then became weak and decided not to go for the telephone, but to yell out for help. He then fell down onto the pavement and was face down. He reached under the van toward his wife and attempted to shake her and call her. He stated that as he was lying on the ground he observed that his wife was lying on her back. She did not talk to him, but moaned and shook her head. He could see that she was badly cut.

He stated that while he was lying on the ground calling for help a man came up to him and indicated that he was an EMT. He stated that the EMT saw him pull the knife from his chest.

When questioned, he indicated that he believed that the cellular telephone was located in the rear seat of his car. He stated that it is normally kept there and the only other location would have been if the people from the car wash had put it into the trunk.

During the interview he indicated that earlier in the day after leaving the golf course he had gone to the Shell car wash on Port Washington Road north of Mequon Road where he had gotten a wash. During questioning he indicated that he remained in the car

at this car wash and that no attendants entered his car. He further stated that after leaving the car wash he stopped at the Walgreens Drug Store in Cedarburg where he met a friend, Karen SALP. On Saturday, 04-25-92, at 5:05pm, I had a brief interview with Jesse ANDERSON at the Criminal Investigation Bureau. He had been advised of his Constitutional rights, understood his rights and had no questions regarding them. During the interview he was questioned regarding the numerous stab wounds to his wife. He was advised that his wife had been stabbed numerous times. Again, he stated that after she screamed he ran to aid her. He was asked for his opinion as to how long it would take for his wife to be stabbed approximately 21 times. He indicated that that would take at least several minutes. He then changed it and indicated that it would take about 20 to 30 seconds. He was then questioned as to how she could have been stabbed so frequently in the brief period of time between him hearing her scream and running to her aid. He stated he could not give any answer to that question.

During the interview he denied that he had stabbed his wife or himself. He referred to his previous statement and indicated that he was being truthful. He also stated that he had not purchased the cap that he had pointed out. He indicated that he had not stopped at Northridge on his way home on that date.

During the interview he acknowledged that he had some Martial Arts training.

At approximately 5:15pm Jesse ANDERSON stated that because he was being considered as a possible suspect he thought it was in his best interest to contact an attorney. At that time he requested to be able to call an attorney. Questioning was stopped and Jesse ANDERSON contacted Attorney Dennis COFFEY.

At 6:10pm Attorney Dennis COFFEY appeared at the CIB. He was taken to a rear interrogation room where he privately interviewed Jesse ANDERSON until about 6:25pm. At that time Jesse ANDERSON was returned to the bull pen and Attorney Dennis COFFEY handed me a business card on which there was a hand written statement on the back stating, "Dennis P. COFFEY has been retained by me to represent my interests. I will make no statements without him being present." This statement was then signed, Jesse ANDERSON, and dated 04-25-92 at 6:20pm

A copy of this business card is attached to this report.

Investigating Officers were notified and the business card was returned to Jesse ANDERSON.

On Saturday, 4-25-92, I did recontact Debra EICKERT, F/W, dob 9-27-57, of 722 N. 4th St., Clinton, Iowa, (319/242-7634). I asked her if since I had talked to her she had thought about anything else that would be helpful in this investigation. She did state that during the evening she had thought things over and had realized tht her ex-husband, that being Jesse ANDERSON, did have a tackle box, and she believed it was greenish in color. Again she stated however she did not know where he ever got this, and she states that she have never gone fishing with him, so she did not know what was inside this tackle box. She further stated that thinking more about the place of employment where her ex-husband (Jesse ANDERSON) was working, she does recall that the pizza place was Heavy Joes, and that the owner was Jim MCGRAW. She states that this Jim MCGRAW, she had heard since their divorce, had fired Jesse ANDERSON because he was stealing money from him. She also stated she recalled that on several occasions, he would brag about a situation where he would beat a man with a baseball bat, and stated she does not know where this would have occurred. She also states that the way he talked about it, it seemed as if he was never apprehended for this offense. She also went on to state that in hindsight as she has since been divorced, she feels very strongly that while she was pregnant with their , that her ex-husband, Jesse ANDERSON, was probably having an affair with a woman, and states that these are only feelings, she cannot be positive, other than stating that it was obvious things, such as gym clothes that would be used allegedly in a gym or refereeing activity, and that when he would return home, usually somewhat late, they would always be clean and would have been laundered. She also recalls that at one time, when her ex-husband was working for Chicago/Northwestern, in Clinton, Iowa, he was taken on a fishing trip on Lake Michigan with a salesman, who she believes was either trying to purchase something from, or the railroad was trying to purchase to this person. She believes that he took this tackle box with him at this time for this fishing trip. At this time, she stated she could not recall anything else, however if she did, she was given my number and would contact me by phone. She did show a concern as to being called as a witness in this offense, and I stated to her that I was not positive, but that I was reasonably sure she would not, however we would contact her if it was necessary.

On Sunday, 04-26-92, I, Squad 125, Det. Joseph NOWICKI, conducted follow up investigation into this offense. I received information that a Wendy Lee VANDENBOOM of 3700 S. 35th St. was one of several people who arrived in the parking lot of T.G.I. Friday's with Ron FRANK who is the owner of the white van that was parked adjacent to where this offense occurred.

I finally did locate Wendy Lee VANDENBOOM, W/F, dob: 02-04-64 of 3700 S. 35th St. (645-6145) who is employed by Kohl's Food store in Hales Corners and Fleishman Kurth Malting Co. Ms. VANDENBOOM stated that she arrived in the T.G.I. Friday's parking lot at approximately 9:15pm in her gray 1986 Chevrolet Camaro and she arrived alone. She stated that she was coming there from a support group meeting and she parked approximately six autos east of where Mr. FRANK had parked his car. She stated that when she arrived in the parking lot he had already parked his van and was standing outside of it. As she and the others arrived she got out of her car and they all seemed to be walking towards the restaurant and met. She stated that she was entering the restaurant and bar and saw no one unusual or loitering in the parking lot. She stated that she and her friends had gone to the bar and were having a few cocktails and while having these cocktails she noticed nothing out of the ordinary and noticed no disturbances occurring in the bar or restaurant.

She was shown a photograph of the deceased and her husband at which time Ms. VANDENBOOM stated that she did not recognize either of the people from the photograph or could she say that she had seen them in T.G.I. Friday's. She stated that while they were all at the bar Mr. FRANK heard a description of his van along with its license plate number and asked for the owner to come out. She stated that FRANK, along with a friend of hers who was also at the support group, that being James HUTTLER of 1010 Aura St., Waukesha, WI, (549-1608) who is employed by the John Maye Associates (252-4007), went out to the parking lot.

It should be noted that she stated that Mr. HUTTLER is out of town, she believes he is in Tennessee and that he should be returning on Thursday or Friday.

She stated that FRANK, Jim , and several others in her group had gone outside and a

On Sunday, April 26, 1992, at 05:30 PM, I interviewed Daniel Robert BRAUTIGAM, W/M, 07-02-67, 9001 N. 75th Street #506, (357-7575). He indicated that he is currently living with his mother. He is moving to a different apartment but until it is ready, he is living with his mother. He expects to move within approximately one (1) week. He stated that he can also be contacted through telephone number 251-5133 and his father's telephone at 375-2031. I requested that he contact me with his new address and telephone when it is available.

Regarding this incident he stated that he was laying in bed watching television. He was waiting for the news to come on. The windows in the apartment were open. He heard a woman screaming, "Help me, oh my god, help me!" The woman screamed about four (4) or five (5) times. He thought that a woman was being raped outside the apartment building. He got up, ran down the stairway of the apartment and ran out the west door at the center of the building. He then ran to the south end of the building thinking that the woman was screaming in the south parking lot. When he got the south end of the building, he heard the woman scream again, "Help!" At that time he realized that the woman was screaming from across the street. He ran up the hill, acrossed N. 76th Street into the TGIF parking lot. He stated that he was running from the northeast and ran across the corner of the bank lot (near the dumpster) and was running towards the bushes and gravel (located at the north end of the parking spaces). He was running towards the restaurant when he heard a man say, "Help me." He stated at that time he stopped, knelt down and looked in the direction of the man's voice. At that time, he was approximately 15 to 20 feet north of the white van. As he knelt down, he saw the woman laying underneath the van. He observed that the man was kneeling on the ground and, "Was on all fours." (Kneeling on his knees and leaning on his hands.) He then ran inside the restaurant to tell them to call 911. He told them that someone was being raped or robbed or something. During questioning, he stated that as he ran across the street to where he had heard the screams coming from, he was observing the lot because he did not know what he was running into. He stated that he observed no one in the lot at that time. He didn't see any car drive out of the lot, didn't see anyone on the lot other

As he was running, she was looking in the direction he was running and observed the TGIF parking lot. She stated he ran past the dumpster, stopped and knelt down on the ground. He then got up and ran into the restaurant, where he got other people to come out onto the lot with him. She stated at that time, she was concerned with her son's welfare and was looking to see what he was running to. She stated for that reason, she observed the TGIF parking lot and she didn't see anyone on the lot. She did not see any fight, and, further, did not see any cars leaving the lot.

On Sunday, April 26, 1992, at 6:20 PM, I interviewed Nancy Carol QUINN, F/W, dob-8-3-43, 9001 N. 75th St., Apt. #314 (ph. #355-0249).

Regarding her knowledge of the incident, she stated she was coming home from her mother's house a short time after 10:00 PM. She stated she was driving northbound on N. 76th Street, when she observed someone sliding down the hill from across the street and run across the street. She slowed down, thinking the person may slip and fall. This person continued to the east side of the road and ran down the hill alongside her apartment. She stated she continued northbound to the intersection, approximately a block north, made a right turn to 75th Street, and then drove south on 75th Street into the parking lot of her apartment building. She stated once she pulled into the parking lot, she observed that same person standing on the west side of her apartment building. This person was walking northbound alongside her apartment. She could not describe this person, other than he was tall and broad shouldered. She stated she entered her apartment, went upstairs, changed her clothes and, just prior to calling her mother, she heard the fire engines arriving at the TGIF parking lot. At that time, she did not know what had occurred. She estimated the time was just a few minutes and less than 10 minutes from the time she observed the person run across the street to the time she observed the fire engine going to the TGIF parking lot.

On Sunday, 4-26-92, Squad 125, Detective Paul STUHMER, and Squad 124, Detective Brian O'KEEFE, received follow-up investigation relative to this offense. We were instructed to interview a witness identified as Donna M. MAHER, who had previously been briefly interviewed by a uniformed Officer regarding her observations at the scene.

At 2:10 PM on this date, we did make contact with the witness, who identified herself as Donna M. MAHER, F/W, dob 7-30-50, of 543 N. Montgomery, Port Washington, Wisconsin, phone number 284-0753. Said follow-up consisted of checking a recent report of a stolen vehicle which was occupied by two black males, and which was seen recently near the area of N. 107th & W. Brown Deer Rd.

At approximately 7:42 PM, a check with the Milwaukee Police Department Central Records Division Tow Desk revealed that the automobile, a 1987 Mazda 626, WI/HRR919, silver in color, was reported stolen to the Milwaukee Police Department on 3-3-92, and was assigned Vehicle Theft #92-17460. Further, the automobile's listed owner is a Paul F. CAVANAUGH, M/W, dob 3-4-52, of 7302 W. Marine Drive, (357-6368). At the time of the filing of this report, the auto has not been recovered and is still listed as a stolen auto through the Milwaukee Police Department. It should be noted that the teletype listing the auto as a stolen vehicle was, in fact, updated to include the explanation of "hold for latent fingerprints" upon its recovery. Attached to this investigative report is a copy of the original Motor Vehicle Theft report, as well as the appropriate teletypes.

On Sunday, April 26, 1992, Squad-123/Early, Det. BALASH, received follow-up investigation by extension 7302, by Det. Lt. Ernest MERESS. Said follow-up consisted of contacting a citizen witness with information possibly related to this incident.

At approximately 9:45 P.M., I did travel to the City of West Bend, where I subsequently met with and interviewed Dennis and Mary LEIBERG, W/M, dob: 10-4-49, of 623 Main St., West Bend, WI., (334-0276). Mr. LEIBERG is presently employed as a "project engineer" for the Russell T. Gillman Company, (377-2434). He went on to indicate that he has been employed in a full-time capacity for approximately the past 2-years with this company. He went on to indicate that he has resided in the West Bend area for the past 13-years, and was once a resident of the Milwaukee area during his teenage years. He states he has never been a victim or witness to a major crime in the City of Milwaukee.

Regarding information relevant to this investigation, Dennis LEIBERG states that on Sunday, March 29, 1992, he and his wife Katherine LEIBERG, W/F, dob: 2-9-52, drove to the Northridge Shopping Center in the City of Milwaukee for the purpose of shopping. He indicates they arrived at the shopping complex at approximately 2:30 P.M., and remained within the facility for approximately 2 to 2 1/2 hours. LEIBERG indicated that upon entering the mall area he and his wife immediately proceeded to the 2nd floor cafeteria area where numerous fast food restaurants are located. He indicates that they placed a food order and were eating in this area for a period of approximately 45-minutes. He went on to indicate that while sitting at a table within the mall and dining area, he personally observed 2-black males who he describes as the following:

#1, B/M, 17-18 yoa., 6ft. tall, thin build, medium complexion, clean shaven, wearing a black cloth, full-length trenchcoat with buttons down the front, and a blue colored baseball cap.

#2, B/M, 15-16 yoa., 5ft. 5in. to 5ft. 6in. tall, medium building, and a short hairstyle. He went on to indicate that subject #2 did not have any type of head gear.

Dennis LEIBERG further indicates that upon completion of their meal, he and his wife walked to the area of the Prange's Store, and that his wife was window shopping. It was at this time that the witness, Dennis LEIBERG, was walking the 2nd floor mall area in

this location and observed the same 2-black males (described above) standing near a railing overlooking the mall. He indicates that he was infact walking toward these two individuals, when he now observed a white male approaching the two black males. LEIBERG describes the white male as being 35-40 yoa., 5ft. 9in. to 5ft. 10in. tall, having a stocky to heavy build, a receding or balding hairline in front, with longer hair on sides and in back. He states that this white male was not wearing any type of glasses nor hat, nor was he carrying any type of packages. He describes the white male's attire as being a blue or dark colored sportcoat, a lighter colored dress shirt, and possibly gray colored dress slacks.

LEIBERG went on to indicate that the white male (described above) immediately approached the black male, subject #1, who was wearing the baseball cap, and stated words to the effect, "Can I buy that hat off of you". At this time this witness observed that the black male initially hesitated and made no reply to the white male's request. LEIBERG states that he was still walking near the above individuals and was approximately 2ft. away from the white male. LEIBERG states that his attention was immediately drawn to this situation as he felt it was extremely unusual that someone would approach a stranger and randomly want to purchase an article from someone else. He went on to indicate that he, himself, collects cards, and now was alerted to the fact that maybe the baseball cap which subject #1 was wearing had a great deal of value. For this reason, this witness, Dennis LEIBERG, immediately turned and now focused his vision on the baseball cap which he further describes as being a bluish colored Los Angeles "Cippers" type baseball cap with the "L.A. Clippers" lettering in a lighter color similar to yellow or orange. He further noted that the hat was infact unique to him, in that it appeared to be made of a corduroy material which he has not frequently seen.

The witness went on to indicate that subject #1, gave a verbal response which he does not recall, and the white male immediately stated, "I'll give you $25.00 or $35.00 for the hat. LEIBERG states he does not specifically recall whether the amount was $25.00 or $35.00. He stated at this time he observed the white male reach with his right hand into his front trousers pocket. He states that he did not observe the white male remove a wallet, but did observe the white male with U.S. currency in his hand. He further states

that the black male now started to remove the blue baseball cap from his head. LEIBERG states that he continued walking and was now infact passed the location of this confrontation. He indicated that the entire duration of this incident was approximately 1-minute.

He states that he and his wife continued shopping, and at no point after this time did he observe either the white male or the 2-black males (described above) shopping within the Northridge Mall complex.

Dennis LEIBERG states that he does not personally know of, nor has he had contact with either Barbara ANDERSON or Jesse ANDERSON in the past. He went on to indicate upon viewing local television media coverage relative to this incident, he immediately recognized the blue "L.A. Clipper's" baseball cap as being similar to the hat which was involved in the incident while he was shopping at Northridge on 3-29-92.

He went on to indicate that on Thursday or Friday of this past week, April 23rd or 24th, he did personally view a photograph of Jesse ANDERSON within the local newspapers and related that the picture resembles that of the white male he observed attempting to purchase a baseball cap at the Northridge Shopping complex.

The witness went on to indicate that he observed a recent press conference relative to the progress of this investigation, and subsquently contacted the Criminal Investigation Bureau, as the incident he witnessed at the Northridge Store was now bothering him. He states that he will fully co-operate with this investigation, should investigating detectives need to recontact him.

On Friday, 4-24-92, at approximately 4:30 PM, at the Milwaukee County Medical Complex, in Room 742, I, Detective Michael YOUNG, was handed a letter from Debbie ANDERSON. The letter was not signed, and there is no return address on the envelope. The letter was dated April 23. The basis of the letter stated that the gangs of 60th & Capitol Drive were now infiltrating the Northridge Mall Shopping area, and this has been going on for approximately a year. No further specific information was included in this letter.

I then took the letter to the Identification Division and turned it over to I.D. Technician Sam MOODY. At that time I instructed him to fume the letter for fingerprints. However, during the course of this it was found that he had never in fact got this life insurance policy and in fact was summoned back to court. She stated that on a Friday they were in court and he was saying no that he would not allow Mark to be the stepfather and take custody of the child along with himself and adoption proceedings and stated that on the following Monday, he was very calm and it was okay. She stated that it also seemed to be a money thing with him. She did say that they were movie goers, however, they did not go out to the dinner after these movies.

Deborah EICKERT stated that she did not recognize this knife, however, stated that she believed that her ex-husband did have some fishing equipment but she never looked inside to see what was in there. Also, while I was showing this photograph to Deborah EICKERT, her current husband, Mark EICKERT, came in to the living room with a sportsman catalog with the name "Cabela's." On Friday, 4-24-92, at 5:45PM, Squad 125, Detective Paul STUHMER conducted follow up investigation of this offense in the city of Cedarburg. At this time, I traveled to W70 N740 Monroe Ave., and met the resident, who identified himself as Stephen F. FEYE, M/W, dob 8-14-61, (375-9263), who is currently employed in sales for Klements Meats. He is currently married to Mimi FEYE, who is a member of the "Daiquiri Club" group of women, who meet every 3rd Thursday of the month. This group includes the victim in this offense, Barbara ANDERSON.

Stephen FEYE related he has known the ANDERSONS for the last 2 years, meeting them through his wife, who is Barbara ANDERSON's friend. He stated he last saw the ANDERSONS at the Auction of the Heart in the end of February, 1992.

Stephen FEYE related he had gone to the hospital to see Jesse ANDERSON on Wednesday, 4-22-92, at 8:00AM. He stated present was Bob FISHER, (377-9454), who arrived prior to FEYE. When Stephen FEYE entered the hospital room, Jesse immediately asked, "how's Mimi doing?". Stephen FEYE related although his wife is pregnant and their baby is due in 3 weeks, he thought it was odd that Jesse was not more concerned about his own wife's condition. He stated Jesse appeared "very tough". He further related that it was odd that Jesse was talking about his golf game at that time. He stated Jesse ANDERSON was adamant about removing Barbara ANDERSON from life support. He stated Jesse stated, "just unplug it", prior to the doctors coming to this location at the scheduled time of 9:30AM to talk to Jesse ANDERSON about Barbara's condition. Stephen FEYE further related that these doctors never did arrive while he was present, and then he remained in this room until 9:45AM.

Stephen FEYE was also concerned about the fact that Jesse ANDERSON kept changing the story of the attack while relating this story to himself and Bob FISHER. Stephen FEYE related he asked Jesse ANDERSON what happened regarding this attack, and Jesse ANDERSON responded that he had opened the door for Barbara, when she was attacked, and then he was attacked. Stephen FEYE related during the times when Jesse ANDERSON was telling them about this attack, ANDERSON was getting the order of events mixed up, and sometimes omitted the second actor's involvement in this offense.

Stephen FEYE also related Jesse ANDERSON has an extravagant lifestyle, including a

fine home, a fine automobile, and specifically, expensive tree saplings located around his property. Stephen FEYE related he didn't know where Jesse ANDERSON got the money to support this lifestyle. Stephen FEYE related that approximately 4 or 5 months ago, there was a change in Jesse ANDERSON's outlook. When asked what he meant by the change, Stephen FEYE related ANDERSON was getting nicer. He described Jesse ANDERSON as currently being, "arrogant". He did however relate that Jesse ANDERSON went from being a cocky idiot to a nicer person. Stephen FEYE related people had bee shying away from the ANDERSONS because of Jesse's arrogance, and he believed Barbara ANDERSON had told Jesse to straighten out.

Stephen FEYE was specifically asked about any physical altercations that he may have had with Jesse ANDERSON. At this time, he related an incident that occurred at the Metro Cafe, in which the group of friends attended a Christmas party late in 1991. During this Christmas party "out of the blue", while Stephe FEYE and Jesse ANDERSON were drinking, Jesse suddenly said, "I ought to grab your nuts". At that point, Jesse then grabbed Stephen testicles. FEYE related he pushed off of Jesse ANDERSON, and asked ANDERSON what he was doing. Jesse replied, "I told you I was gonna grab your balls. I proved it". Jesse ANDERSON also told FEYE that he does what he says he's going to do. Stephen FEYE related another incident in which Jesse ANDERSON placed his hand on FEYE's leg at a dinner party, and smiled at FEYE. Stephen related to me he didn't know if ANDERSON was joking or not at the time, but Stephen FEYE did not like Jesse ANDERSON grabbing his leg. Stephen FEYE related a mutual friend, Bob DEITRICH, was present at the Metro Cafe during the testicle grabbing incident.

Stephen FEYE also related Barbara and Jesse ANDERSON do not normally go to the Northridge Theatres. He stated it was their usual practice to go to the Northshore Theatres to view movies. He did however relate Barbara ANDERSON does like TGI Fridays for dinner.

Report per Detective Paul STUHMER.

He stated that he had seen this individual's photograph one time previously when the Police showed him a group of photos of people in party clothes, and he picked out this individual's photo. He then stated that this is the same man that bought the baseball cap from the black male at the Northridge Mall at about 1:30 PM or 2:30 PM on Tuesday, 4-21-92. He stated that he believed it was around his break time, possibly 1:30 PM or 2:30 PM. He stated that he did not recall seeing this individual's photo on TV or in newspapers previous to this. He stated that he did not know any of the other participants in the lineup.

He then informed us that #3 looks closest to the man he picked out from photos, that being the photos depicting people in party or wedding clothes. I then asked him if he recognized any of the other individuals in the lineup, and he stated that he did not. Upon being asked if he saw a photo of the person in position #3 on TV or in the newspaper since Tuesday, he stated that he had, in fact, seen the photo briefly on TV and again in the newspaper, more specifically on the front page the April 25th edition of the Milwaukee Sentinel. NARRATIVE

On Saturday, 4/25/92 at 7:50P.M. Det. Paul STUHMER was present in Deputy Inspector Vincent PARTIPILO'S office located in the Criminal Investigation Bureau. Also present were Det. Lt. Raymond SUCIK and Ernest MERESS. At that time Lt. SUCIK advised the sister of Jesse ANDERSON that ANDERSON was going to remain in custody. This sister, Deborah M. BOOHER, W/F, DOB: 9/20/58, of 336 Whispering Oaks, Bethalto, Illinois, (618-377-1592) had come to this location to turn over Jesse ANDERSON'S medication and some clothing.

At that time she turned over to me a purple sweater, black "Maxwell" t-shirt, blue "Lee" jeans, white jocky shorts, white socks, and a pair of white "Nike" tennis shoes, minus the shoe laces. She further turned over to me three bottles of medication labeled as follows,

I proceeded to the city jail where Jesse ANDERSON had been placed in the bull-pen. At this time I escorted Jesse ANDERSON to the officer's locker room located in LUCAD. At this point he requested to use the bathroom and this request was immediately granted and the subject was led to the officer's bathroom adjacent to this locker room. I remained with Jesse ANDERSON when he urinated in the urinal in this room.

I then allowed Jesse ANDERSON to change into the clothing that had been given to me by ANDERSON'S sister, Deborah BOOHER. The prisoner was then escorted to the visiting room at the jail staff's request. It was related to me that Jesse ANDERSON was going to be taken to a hospital where his medication would be administered. I then turned the three forms of medication received from Deborah BOOHER over to the head jailer, Officer SAMPON.

It should also be noted that at the conclusion of the line-up conducted at the Criminal Investigation Bureau on this date I walked Jesse ANDERSON from the line-up proceedings to the male prisoner lock-up located on the 4th floor of the Criminal Investigation Bureau. At this time Jesse ANDERSON informed me he was hungry and I told him I could supply him with bologna sandwiches from the jail. Jesse ANDERSON agreed this would be fine and I proceeded to LUCAD where I received two bologna and cheese sandwiches and in turn gave these sandwiches to Jesse ANDERSON. I offered this individual something

to drink including a soda and he requested some type of white soda. At this time Jesse ANDERSON was given "Diet Sprite" which I poured into a white styrofoam cup for him. Det. Kenneth MORROW met me at this location and he and I escorted this prisoner to LUCAD via the back stairway leading to the 5th floor. The 4th floor hallway was crowded with media people including several cameramen and Jesse ANDERSON informed me he would "fly up the steps" in order to avoid any contact with any media people. It should also be noted that the prisoner elevator was not functioning on today's date and this was the reason for conveying the prison up a flight of steps. Jesse ANDERSON informed me he was appreciative of the fact that we did not take him into a common hallway inwhich he would be photographed by members of the press. Jesse ANDERSON appeared to have no problems ascending the steps from the 4th to the 5th floors.
